HONOLULU, H. T., TUESDAY JUNE 16, 1903—SEMI-WEEKLY.

WHOLE No. 2496.

## HOUSE FIXES MANY SALARIES BUT IS BALKED ON LOANS

### Maui Men Err in Totals to Their Own Advantage on Appropriations.

Salaries were the topic of the House yesterday, and the day was spent in discussion of the rates of pay for public servants, except that small portion of the day which was taken up with Maui's provisions in the Loan Bill, and the purchase of the Electric light lot.

The Loan Bill did not last through, as there is still some discussion over the basis of distribution. Maui went at it strong in the morning, making a report which brought out some suggestions from the chairman of the committee of accounts as to the totals, and it was found that there was nearly \$40,000 more than was allotted, in the report. This was speedily rectified and credited to a clerical error.

The Chamber of Commerce was given slight courtesy in the discussion over wharves, for the indefinite postponement of consideration of its resolutions, as moved by Kaniho, found seventeen supporters against ten members who were in favor of full hearing and weighing. The Board of Health items, including that for inspectors, which was one of the things asked by the Chamber of Commerce, found no dissenting votes however, so that the commercial body had an even break.

The Senate did little as there was nothing of importance to do. It is of interest, however, to the people as well as the legislators, that the Attorney-General's Department has held that the length of the session can be only sixty days, without extension by the Governor.

#### IN THE HOUSE.

When the House met there was read a letter of thanks from the committee on celebration of Kamehameha Day at Kalaupapa, thanking the Legislature for the contribution made to the fund for entertainment on that holiday.

The committee on Public Lands reported in favor of tabling the petition of Kalama, asking \$20,000 for a road from Kailua to Haiku, for consideration with the Loan Act.

The special committee on purchase of the Electric Light Station lot, reported strongly urging the purchase of this lot showing that it comprises nearly 23 acres of ground for which is now paid \$400 a year rental, and on account of which already \$2,000 has been paid. The price is \$6,000 which the committee considers very reasonable. This likewise will be considered with the Loan Bill.

#### OAHU POLICE PAY.

Senior Captain at \$150, \$900; Lieut. of Mounted Police at \$125, \$750; First Watch, 1 Captain at \$90, \$540; 1 Lieut. at \$80, \$480, 12 Officers at \$75, \$5,400; 6 Mounted Officers at \$100 each, \$3,600; 2 Bicycle Officers at \$80 each, \$960; 2nd Watch, Same as first; Third Watch, Same as Second; Asst. Clerk High Sheriff at \$100, \$600; Stenographer and Typewriter at \$125, \$750; 2 District Court Officers at \$85 each, \$1,020; 1 Harbor Police at \$100, \$600; 3 Patrol Wagon Drivers at \$85 each, \$1,530; 3 Turnkeys Police at \$90 each, \$3,240; 3 Clerks Receiving Station at \$100 each, \$1,800; Hack Inspector at \$125, \$750; Asst. Hack Inspector at \$100, \$600; Humane Officer at \$75, \$450; Physician Receiving Station at \$100, \$600; 2 Detectives at \$150 each, \$1,800; Japanese Interpreter at \$100, \$600; 4 Special Police at \$85 each, \$3,640; 4 Special Police at \$70 each, \$1,680; 3 Chinese Officers at \$50 each, \$600; 2 Japanese Officers at \$50 each, \$600. Total \$17,640.

Koolauloa—2 Officers at \$50 each, \$600. Koolau—2 Officers at \$50 each, \$600. Waianae—2 Officers at \$50 each, \$600. Ewa—4 Officers at \$50 each, \$1,200. Waianae—1 Officer at \$50, \$300; Clerk Jail at \$100, \$600; 3 Turnkeys at \$75, \$1,350. Stable Luna at \$75, \$450; Workshop Luna at \$75, \$450; Physician Oahu Jail at \$100, \$600; Physician Station House at \$50, \$300; Chaplain at \$25, \$150.

#### WHARF APPROPRIATION STANDS.

The House went into committee of the whole on House Bill No. 2, Andrade in the chair. The chair ordered read the letter from the Chamber of Commerce urging that the item on the wharf reconstruction be passed at \$400,000. As soon as this was done, Chillingworth moved to reconsider the item which passed at \$200,000. Kaniho opposed the motion. He said the Chamber of Commerce simply asked that the Territory appropriate money to fix up the harbor so that their vessels could enter and go to their own wharves without the Territory receiving any benefit. He therefore moved that the matter be indefinitely postponed.

Lewis objected to this summary action and proposed a special committee to take up the matter, meet the Chamber and hear arguments, so that there might be full information before the House. The motion to reconsider was ruled out of order and the consideration of the communication was then indefinitely postponed by a vote of seventeen to ten, as follows:

Ayes—Damien, Fernandez, Hala, Kaili, Kalama, Kaniho, Kealawa, Koa, Kumalae, Kupieha, Nakaleka, Ohi, Pale, Pali, Pulua, Purdy and Beckley. Noes—Chillingworth, Randall, Green-

well, Harris, Kellinoli, Knudsen, Lewis, Long, Vida and Wright.

#### ELECTRIC LIGHT LOT PURCHASE.

The Electric Light lot item was brought up. Beckley maintaining that it was really a county item. Ohi maintained that the lease was to the Territory and it would have to pay the rental for more than thirty years. There was a long and scattering discussion in the course of which when reference was made to the capital city Beckley said Maui was ready to take the capital and if it was a regular session he would introduce a bill to that end. Everyone talked and then the item was passed as in the bill, under the Territorial provisions.

#### MAUI'S REPORT INCORRECT.

The Maui people were first to report. The county building, \$35,000; Jail, \$5,000, fire station, \$3,000, passed, and then the various road provisions as previously reported, however, as it proved with some changes, for when it was declared that a recess was necessary, so that a total could be secured, it was found that the total showed over \$230,000. The committee from Maui declared it was a clerical error and soon met and made an amended report providing for \$184,600, the county pro rata being \$184,651.63.

Aylett moved to defer consideration until all other reports were in, so that in case there was any surplus it could be divided between the counties. This was done and the committee rose and the House took a recess.

#### SALARIES CONSIDERED.

When the House reassembled it was to take up Senate bill No. 2, the six months salary bill, the first report to Chairman Randall being on school salaries and expenses of administration.

The committee reported that the teachers of the schools are now paid according to a regular schedule, based on character of certificate and length of service. This plan prevents jealousy since it puts all teachers, Hawaiian and foreign born on an equality. To divide the sum between the counties on islands would create confusion and the committee recommended that the item pass as in the bill, at \$162,500.

#### AGRICULTURAL BUREAU PAY.

The committee on items for assistants in the new Agriculture Bureau divided as to its report. Nakaleka, Kou and Kealawa reported in favor of the amount as in the bill at \$5,000, while Kellinoli and Knudsen recommended that it be increased to \$6,000, setting forth the amount of work to be done, in inaugurating a new line of work. Kellinoli said there would be necessary a greater number of laborers and he thought it best to start everything properly.

Beckley suggested that there would be ample return for the expenditure of the \$6,000 in the conservation of the forests, so that there would be ample rainfall to provide for the irrigation of the lower lands. He amended so that there should be a ranger provided for Molokai at \$450, as the original schedule provided only Forester and assistant \$900. Ranger Oahu, \$450, two rangers Hawaii, \$900, ranger Kauai, \$450, ranger Maui, \$450; nurse-ryman and gardener, \$510, ten laborers \$1,200, wagon driver \$122. The item then passed at \$6,000.

#### FIRE DEPARTMENT SALARIES.

The committee on Salaries for Fire Department reported in favor of increasing the item to \$32,580, the appropriation as follows for the six months

## NAVY GETS READY TO MAKE A GREAT STATION AT ONCE

### The Plans for Pearl Harbor Are Considered at Headquarters.

REAR ADMIRAL MERRY, RETIRED.

(ASSOCIATED PRESS CABLEGRAM.)

WASHINGTON, D. C., June 14.—The Navy Department is considering the immediate improvement of the naval base at Honolulu. The plans now under discussion contemplate the construction of the new works and the installation of shops and docks at Pearl Harbor, along the lines already proposed in surveys and estimates prepared in Honolulu and sent forward last year.

Action by the Navy Department looking to the carrying out of the plans for Pearl Harbor improvement, has been delayed only by the condemnation suits and now nothing lies in the way of carrying them through. Private letters from Captain Merry have indicated that he was using his influence to bring about a consummation of the original plans of the department.

Captain V. L. G. White, Civil Engineer of the Navy, at present acting Commandant of the Naval Station, after being shown the cablegram from Washington last night, said that he did not think that it could be the Channel wharf reservation which was referred to, inasmuch as no estimates had as yet been made in regard to the improvement of that property.

"The Navy Department," said Captain White, "according to a statement in the Army and Navy Journal, sometime ago declared that it was the intention to make the Honolulu station the second supply station in the Pacific Ocean, the largest to be at Cavite or Manila."

"As soon as the suits against the Honolulu plantation and other Pearl Harbor property holders are settled, the necessary statements based on our plans will be drawn up and submitted to Congress. When these are approved and appropriations made the work on the Pearl Harbor improvements will be begun at once, and the report from Washington no doubt has direct bearing on this work."

The brief cablegram received in yesterday's Associated Press news dispatches indicates that Admiral Merry will again take command of the Naval Station, on account of his familiarity with the plans for Pearl Harbor and his enthusiasm over the future of the station. Since Captain Whiting left, the naval station has been without a regular commandant, Captain Rodman of the Iroquois simply acting in that capacity temporarily. When he departed for Midway, Captain White was left in command.

When Admiral Merry was retired on March 5th last he was continued in active service at Honolulu, presumably upon his own request. Later when he was replaced by Captain Whiting, Admiral Merry did temporary duty at Washington in the Bureau of Equipment.

When he left Honolulu Admiral Merry expressed the wish that it might not be forever, and if he has been ordered here as commandant it will probably have been at his own request.

## FIVE HUNDRED VILLAGERS SWEEP TO THEIR DEATHS

### The Terrible Cloudburst Which Obliterated an Oregon Mountain Town.

(ASSOCIATED PRESS CABLEGRAMS.)

PORTLAND, Oregon, June 15.—The reports from Heppner, the town which was overwhelmed by a cloudburst, increase in gravity. Of eight hundred people, five hundred are dead and many of the three hundred who were rescued are suffering from bruises, contusions or shock. The flood came on Sunday evening in the form of a wall of water twenty feet high and it lasted for over an hour, carrying along boulders and buildings as it went. A horseman warned other villages where, although great damage was done by the flood, no deaths occurred.

Heppner, a town of about one thousand inhabitants, is built on the banks of Willow Creek and in the foothills of the western spur of the Blue Mountains. The creek runs in a valley about fifty miles in length from the mouth of the creek in the mountains to its junction with the Columbia River at the town of Willows. Heppner was the town nearest to the head of the creek and the places below, which were warned in time so that their inhabitants might escape, were the small villages of Lexington, Douglas and Cecil.

## KING PETER WANTS THE REGICIDES SENT INTO EXILE AT ONCE

LONDON, June 15.—The powers have agreed to retain their Ministers at Belgrade but may demand the punishment of King Alexander's murderers.

BELGRADE, June 15.—The constitution proposed is similar to that of 1888 but is more democratic, making Serbia virtually a republic with the King at the head. Great public rejoicing has followed the action of the Skupschina.

GENEVA, June 15.—King Peter accepts the Serbian throne conditionally on the constitutionality of the Skupschina, the exile of the regicides and the increase of the civil list. A deputation from the Skupschina is expected to arrive Thursday to escort the King to Belgrade.

### Nixon Resigns Presidency.

NEW YORK, June 15.—Lewis Nixon has resigned the presidency of the Shipbuilding trust owing to friction in the directorate. The company has been reorganized. It is building twelve warships for the Government and the Navy Department insists that there shall be no delay in the work.

### Dowager Receives Fighting Bob.

PEKING, June 15.—The Empress Dowager has received Rear Admiral Evans and staff. The inference here is that the American squadron has assembled in Chinese waters to impress Russia.

### Four American Bishops.

ROME, June 15.—The Consistory of Cardinals has nominated Thomas Hendricks of Rochester as Bishop of Cebu, making four American Bishops so far provided for the Philippines.

### Better Outlook at St. Louis.

ST LOUIS, June 15.—Flood conditions are slowly improving here.

CHRISTIANA, June 15.—The steamer Ruks capsized today. Eleven of the crew were lost.

EL PASO, Texas, June 15.—El Paso and its immediately surrounding country is threatened with floods.

BERLIN, Germany, June 15.—The German Government has indicated its readiness to accept the situation in Serbia without protest.

CONSTANTINOPLE, Turkey, June 15.—News has been received here that the Kurds are arming and making preparations for taking the field in active war.

GENEVA, Switzerland, June 15.—Prince Peter Karageorgevitch was today formally notified of his election to the Serbian throne as King Peter I. His acceptance was prompt. Arrangements are already in progress for the King's journey to Belgrade.

TOKIO, Japan, June 15.—General Kuropatkin, the Russian Minister of War, was today given a most enthusiastic reception by the Japanese authorities. A fete in honor of the noted visitor was attended by the leaders of Parliament and executive officers. General Kuropatkin is on his way to Port Arthur and the Russian Military establishments in Siberia and Manchuria for a tour of inspection.

BELGRADE, Serbia, June 15.—The final act in the terrible Serbian drama was completed today by the formal election of Prince Peter Karageorgevitch to the throne of the murdered Alexander. The election proceeded without unusual incident, though the military forces of the country have been on the alert to quiet any possible disturbance.

Following the election of the King a proclamation granting general amnesty was issued and received with general rejoicing throughout the Kingdom.

Continued on page 2.)

# IMMIGRANTS WILL NOT BE WELCOMED BY LEGISLATORS

"The plan is to fill up the country with foreigners so that they will control the Hawaiian people."

"There will be thousands of soldiers at Moanalua and their votes will control the country."

"This is to open the way to the coming of other people, who will take the power away from us."

"The power is like a dove in our hands; open them and it will fly away never to return."

"We are American citizens, and we must look out for the interests of all; this would jeopardise the best interests of our people."

With such language as quoted, the Hawaiian members of the House were inflamed by orations from Beckley, Kaniho and Aylett yesterday, and as a result the attempt on the part of the business interests of the islands to have inserted an item in the appropriation bill making possible the appointment of a Territorial immigration agent failed. It was beaten almost by two votes to one, and despite the calm request of Chillingworth, that there be no going on record, that no American citizen need apply to come here, that all that was wanted of him was his money, for our bonds, there was no cessation in the fight until the end was reached.

## IN THE HOUSE.

The House received from the Chamber of Commerce its resolutions of Wednesday, touching the Board of Health and harbor improvements, which were ordered spread on the minutes of the body, as follows:

"Whereas, it is the opinion of this Chamber that no department of the Government has more onerous duties to perform than has the Board of Health, and,

"Whereas, it is of the first importance that the ports and towns of these islands be kept in a sanitary condition, and free from disease, in order to insure an unrestricted commerce, and in order to insure these conditions, it is necessary to secure the best services of efficient health officers,

"Therefore, be it resolved, that it is the desire of this Chamber that a sufficient appropriation be made by the Legislature for the use of the Board of Health to meet all their necessary requirements."

"Whereas, it is the opinion of this Chamber that the harbor of Honolulu should be improved by the construction of new wharves and by repairs, and

"Whereas, the Department of Public Works has recommended to the Legislature now in session, to insert an item of \$400,000 for such purpose, and

"Whereas, the present condition of the Territorial Government wharves in Honolulu is a very serious one, and these wharves are entirely inadequate to cope with the calls now being made upon them, and likely to be made by an increased volume of shipping in the near future,

"Therefore, be it resolved, that it is the desire of this Chamber that the appropriation as recommended by the Government, be made by the Legislature."

## ARMORIES FOR MILITIA.

The House immediately went into committee of the whole on House Bill No. 2, the Loan act, with Andrade in the chair. Beckley moved reconsideration of the Armory item, saying that he had learned that Walluku wanted an Armory badly. The item was brought up and inserted in the bill in this manner: "Armories, Honolulu, \$20,000; Walluku, \$5,000; Hilo, \$5,000." This, with a wharf at Kawaihae, \$3,000, completed the Territorial items in the bill.

Paele moved to take up the matter of the purchase of the Electric light lot, the House being undecided as to what should be done and ended by referring the question to a special committee.

Pulaa wanted to go back and reconsider the Kawaihae wharf matter, saying another site for the wharf had been chosen, where the government did not own the land, and he wanted more money. Greenwell said the Superintendent of Public Works had informed a committee that the land could be had for \$500. The item was reconsidered and put in the bill at \$2,500.

## COUNTY BASIS DESTROYED.

The question was raised here of the basis of the distribution among the counties the old ratio having been destroyed by the action of the House as to the Territorial items. This question raised by Harris proved a puzzle and the committee rose and the House took a recess after Speaker Beckley had appointed Kellini, Chillingworth and Greenwell to investigate the electric light lot purchase.

## MANY SALARIES SET.

The reassembling of the House found several subcommittees on the six months salary bill ready to report and that measure was taken up in committee of the whole.

The Auditor's Department Committee was the first to report, it presenting the following list of clerks for service in that department: One clerk at \$1,000, one clerk at \$750, two clerks at \$600, one clerk at \$450, extra clerical assistance, \$300. The committee recommended that the schedule be passed as this important bureau should not be handicapped. The House approved the report and inserted the item as so drawn up in the bill.

## BERNIE ALL RIGHT.

The committee appointed to investigate the Fish Inspector Berni, reported that it found the charges unfounded. The committee said both the Inspector and his assistant had admitted that sometimes fish had been sold and returned in bad condition. However, the

committee said, as there are 1,200 to 1,500 fish inspected daily and as there are Chinese and Japanese to deal with such things could not be prevented. The committee said it was very bad policy to charge public servants with misconduct unless there was the fullest statement of facts. The report was signed by Fernandez and Aylett, and Kaniho objected because the full committee had not signed the report to its being accepted. He moved to table until the minority should report and this motion carried by thirteen to twelve. Chillingworth moved to discharge the committee but this was ruled out of order.

The committee on salary list of the insane asylum, reported as follows:

Medical Superintendent, provided that he pay for the feed for his horse, \$1,100; two captains at \$75 a month, \$900; one foreman, \$420; two guards at \$50 each, \$2,600; four female nurses at \$50, \$1200; taroman, \$270; cook, \$240; assistant cook, \$150; laundryman, \$120; gardener, \$90; hostler and yardman, \$90, extra help, \$150, total \$8,340. This was signed by all the committeemen, Long, Nakaleka and Oili. There was a little breeze but the report was adopted.

The report of the committee on Immigration agent, was submitted by Mr. Long as heretofore published favoring the item with the wording "Immigration Commissioner and Advertising Agent, \$900. Harris explained the item as to its full meaning and then Beckley took the floor.

## BECKLEY CRIES RACE.

He said that he knew that there was a deliberate attempt to bring people here to oppose the native Hawaiian people, that such a commissioner would simply work to fill up the country with white people who would oppose the votes of the people and would endeavor to control them. He said there would be thousands of soldiers located at Moanalua and their votes would be against the Hawaiians. When put right on the soldier not voting, he said even if they did not vote, there would be a host of followers and they would vote. Beckley declared he was not afraid of strangers coming here, but he would not favor sending away for more. He said there had been a declaration that no hack driver could sit in the Legislature, and these people who made it were now striving to send their clerks to the Legislature to do their will. He grandiloquently referred to the honors conferred on him but declared that he recognized something that was a danger to the people. Unless caution was used there would be a return to the conditions of 1893. He said that this would be simply a method of oppressing the people.

HARRIS URGES AMERICANISM. Harris answered briefly. He said that during the regular session there had been passed a statehood resolution. The greatest bar, he said, was the population. This Territory, he said, could support 100,000 more people. All over the United States there was a great increase in population. On the shores of the two continents washed by the Pacific ocean abide one-half the world's population. He asked if it was not the best course to increase the population, decrease the cost of government, and induce the best citizenship to come here. He gave figures to show the growth of the country and the necessity for good American citizens to come here, so that some day we could go to the United States and ask for statehood, showing the promise of good American citizens.

## KANIHO WOULD BE NO MORE.

Kaniho said the plan was to open the way to bring in strangers to take away the power of those who live here. As to Harris' contention that statehood could come only with increased population, he said, he was surprised at this, as there had been States created with only 15,000 population, while Hawaii has 150,000. "I have been charged with bringing up the race question in connection with the salary of the treasurer," he said, "I do not bring this up as a race question, but because I think it is in the interest of the people. We are here as law-breakers. The duty is in our hands let us keep it. If we open up our hands the power will fly away and we will be powerless. If we want to be a free people we can do so, but if we do permit them to come it will be like

(Continued on page 7.)

# FIVE DAYS CAMP AT AN END

## Major McClellan Pleased With Result.

(From Monday's Daily.) The National Guard broke camp yesterday at five o'clock and marched from Kaplani Park to the Drill Shed, where guns were stacked and the end of the five days' encampment formally announced.

At eleven o'clock yesterday morning Major McClellan ordered the companies to muster for the purpose of preparing the rolls to be sent to Washington. It took two hours for the eight companies to pass muster, the count showing 444 in all. The rolls will be sent to the National Capital, for the guardsmen draw pay from the United States under the new militia law. It is not much, thirteen dollars per month for each man, officer and private, and the five days' pay will not amount to much over two dollars apiece. But then that is a good deal better than nothing, and they have all had a five days' outing without expense either to themselves or to the Territorial government. Uncle Sam foots all the bills, even to paying the passage of the Hilo company to Honolulu. The Hilo guardsmen are still in camp and will remain there until Tuesday morning.

The guardsmen broke camp yesterday without any help from the regulars. At one o'clock, after the muster had been completed, Col. Jones gave the order to strike tents, and about one hundred of them fell at the same moment. The baggage had already been packed and loaded on army wagons. The next three hours were spent in packing the camp, and the grounds were put in such shape, that the casual observer would never have suspected the presence of four hundred soldiers for nearly a week past.

It was almost five o'clock before Bugler Ellis sounded the call to fall in for the march to town. The regiment started off in fine shape, with the band in the lead. The bandsmen wore the uniform of the guardsmen, with khaki trousers and blue coats. Captain Berger marched ahead, but in front of him was Sergeant Ludgren of the Commissary department. The companies followed, according to their rank. Col. Jones was in command of the troops.

The men made a fine appearance on their homeward march. They were decked out in all the paraphernalia of war. Each man carried a musket slung over his shoulder, a knapsack, canteen, and a picturesque red blanket. The band played its merriest tunes and the flags waved in unison as the soldiers left the camp. A stop was made at Thomas Square after an hour's march from Kaplani Park. There was a short rest and the march finally ended at the drill shed. Major McClellan was much pleased

# MAY CHOOSE SUCCESSOR TO COOPER

## The Executive Will Consider the Place.

(From Monday's Daily.) What is to be the solution of the headship of the Public Works office may be settled at the meeting of the council of heads of departments with the executive this morning. It is understood that there will be a full discussion of the matter, and perhaps a decision will be reached, which will meet with the approval of all, and clear the way for the making of the appointment.

At least one thing has been assured, Governor Dole having notified Senators and leading Republicans of his determination. Before the adjournment of the Senate after the passing of the appropriation measures, the name of the man who is to be at the head of the department will be submitted to the confirming body. The insinuations that Governor Dole would permit the Senate to adjourn without having the advice of that body in making the appointment led him to make the statement that he was desirous of an agreement, so that the Senate could consider the names of the men whom he will want for that and other offices, if there are any to which appointment must be made.

It is believed that there is no material difference in the matter of candidates for the places. There have been no new names mentioned and the supporters of those previously placed before the chief executive are seemingly as confident as ever, that they will be able to secure the support which will land the place. It is said that E. R. Adams has at least four votes in

at the showing made at the camp, as was Col. Jones, who said last evening that the men had shown up well.

Major McClellan said that the guardsmen had shown themselves to be true soldiers, they had accepted all sorts of duty without complaint, and learned quickly the regular army tactics.

"I think the boys acquitted themselves very well," said Col. Jones yesterday afternoon. "They worked hard while in camp and they also showed a disposition to learn all they could. I am well satisfied with the results of the camp."

Major McClellan will forward to Washington as soon as possible a report upon the camp in accordance with the provisions of the militia law. The Hawaiian National Guard is probably the first to enjoy the privileges accorded under the Dick Bill. Through the law passed by the last legislature, the National Guard here now partakes directly of all the privileges of an auxiliary branch of the United States regular army, the local law being in accordance with the militia law passed by Congress the early part of this year.

# LATE PICTURES OF THE DEAD RULERS.

QUEEN DRAGA.

KING ALEXANDER.

BELGRADE, June 12.—The better classes of Serbia are agitating for a republican form of government. One member of the Provisional administration endorses this idea. It is not thought, however, that Austria and Russia would countenance it.

BELGRADE, June 12.—Serbia is on the brink of civil war. King Milan's second son, the brother of Alexander and heir presumptive to the throne is organizing forces to prevent the enthronement of King Petir. The garrison of Nisch, the second city of Serbia, supports the Obrenovitch dynasty and is now marching on Belgrade. A battle is imminent. There is no expectation that any of the powers will interfere to compose the Serbian differences.

BELGRADE, Serbia, June 12.—The situation at Belgrade is completely in hands of the murderers of the Royal family.

The King and Queen were buried secretly during the night. BELGRADE, Serbia, June 14.—Quiet has prevailed here today although many fear that serious trouble will follow.

The conspirators, who formed the new government, today released all the people who were imprisoned by the former government on charges of a political nature. Among these are Colonel Ilic, six other officers, various persons charged by the late King with conspiring to take his life and others imprisoned on request of Queen Draga.

The conspirators have decided that, at present, a republic is inadvisable, and to proclaim a King might not find favor with other powers. They will hold tomorrow an election to choose the King.

Much depends on the result of the election and there are grave fears as to what may be the result in the towns where the garrisons are in sympathy with the dead monarchs.

# DEATH OF MAJOR GEN. ALEX. M'D. M'COOK

## Another Famous "Fighting McCook" Gone.

Afternoon Dispatches From Associated Press.

DAYTON, Ohio, June 12.—General Alexander McD. McCook died today from paralysis following the stroke of apoplexy suffered a few days ago while in Washington.

General Alexander McDowell McCook, one of the most famous of Ohio's celebrated family of "fighting McCooks"—men whose deeds of valor have been told around the camp fires of veterans for nearly forty years, is dead. His death removes a picturesque figure from the already greatly thinned ranks of heroes of America's great civil strife. He was born in Culmerland Co., Ohio, in 1831. He graduated from West Point and entered the army as a brevet second lieutenant of infantry in 1852, and after a brief term of service in garrisons he was actively engaged in Indian fighting until 1857, when, after a year's leave of absence, he was assigned to duty at West Point as instructor of infantry tactics. On the outbreak of the Civil War he was appointed colonel of the First Ohio Volunteers, which regiment he commanded at the first battle of Bull Run. Reorganizing his regiment at the expiration of its term of service he took it to the front again. He was in command of a brigade in the Department of the Cumberland, commanded a division at the battle of Shiloh and siege of Corinth. He won great praise for his conduct at the battles of Perryville, Stone River, and Chickamauga, and in many other engagements. He won many medals for his services in the field and in 1896 he was sent to Russia to be present at Moscow as America's representative at the Coronation of the present Czar. During the late war with Spain he was appointed by President McKinley as a member of the commission to investigate the War Department. He was always held in high esteem by the late President McKinley.

TRENTON, N. J., June 12.—A receiver has been asked for the United States Shipbuilding Company, which is insolvent. Fraudulent transactions are charged. The writ is returnable on Monday.

The United States Shipbuilding Company is known as the "Shipbuilding trust." It was first planned in 1901 but was not operative until late in 1902. Its total authorized capital is fifty-four millions, and nine million dollars' worth of bonds have been issued.

Lewis Nixon, of New York, is head of the trust, and it includes all of the big shipbuilding concerns in the United States, even the Union Iron Works of San Francisco. The recent difficulties in the Cramp Shipbuilding Co., may have been the cause of the present trouble.

The concerns that Nixon organized into the trust in 1902 included the Union Iron Works, Bethlehem Steel Company, Harlan & Hollingsworth Co., Bath Iron Works, Hyde Windlass Company, Samuel S. Moore & Sons Co., and the Crescent Shipyard Co. Nixon at that time was the owner of the latter corporation.

KANSAS CITY, Kas., June 12.—There is great distress here among the flood sufferers. No less than 20,000 people are dependent and homeless.

ST. LOUIS, June 12.—The river is falling slowly. The pressure is still tremendous on the levees and there is much apprehension as to bridges and buildings.

ROME, Italy, June 12.—The Italian Cabinet has resigned owing to the dissatisfaction of the House of Deputies over the naval inquiry.

ST. PAUL, June 12.—The State of Minnesota refuses to pay the beet sugar bounty. The case has been carried to the Supreme Court.

MORENCI, June 12.—The miners have accepted nine hours' pay for eight hours' work and the troops have been withdrawn.

ST. PETERSBURG, Russia, June 12.—Two hundred persons were killed today by the collapse of a steamship gangway at Azoff.

# CARRIAGE DEALERS AGREE ON BASIS OF CONSOLIDATION

Final steps have been taken for the consolidation of the business of the Pacific Vehicle and Supply Company, which for four years has been in the carriage and wagon, harness and sundries trade of Honolulu, located in Beretania street, with that of the firm of G. Schuman, Ltd. According to the plans the business of the former concern is to be purchased by the latter at an inventory figure, the aggregate involved in the transaction being about \$25,500. While the carriages and harness go to Schuman the repair business is transferred to the Hawaiian Carriage company.

This deal is one which has involved several trips to San Francisco and a deal of correspondence. The Pacific Vehicle and Supply company was organized by O'Brien & Sons of San Francisco, which firm has kept the local branch going and it was reported locally about a year ago, had declared that the losses here would amount to several thousands of dollars. Recent negotiations to bring the business under the headship of the Schuman company, found the San Francisco folk ready to dispose of the business if there could be had a basis of agreement. This was reached after Mr. Cutting, representing the Pacific Vehicle Company, and Mr. Clyne, of the Hawaiian Carriage company, went to the Coast, there being several meetings there between them and the representatives of Schuman and of O'Brien.

The taking of the two inventories, of vehicles and harness and of the shop's tools, have now been completed, and the consolidation will become effective at once. The manager of the submerged company, Cutting, will be continued with the purchasing corporation.

The Senate assured, while there is as well a strong sentiment in favor of Low. Campbell's friends are hard at work, and Winston has the consistent support of several of the Republican leaders.

Hard work promises to be the order of today and tomorrow in the House and Senate. The lower body will attempt to clear up the Loan Act today, and then will undertake the salary bill tomorrow, according to some of the forecasters. The committee on military and band salaries has not made its report, and this may keep back work for a little time.

It was reported Saturday that there was some chance that the House would content itself with registering its protest, and would then go on and pass the appropriation bills as desired by the business community, but this is not given as authoritative by anyone. There is ready for consideration by the

# HILLO BADLY NEEDS HOTELS

## Good News About Kohala-Hilo Railway.

HILLO, June 12.—Mrs. Col. French and Major and Mrs. Harris of the Salvation Army arrived here in the Kinau. They arranged a series of meetings up to a farewell demonstration next Thursday evening.

E. H. Austin, E. E. Richards, Otto Rose, C. F. Bradshaw, J. T. Lewis, W. Nadima, Jr., R. D. Junkins, William Higgins and Frank Rosa, are among the jurors called for the July term of the Fourth Circuit Court at Honokaa.

### BANANA AGENT.

Ever since the banana growers of Hilo and vicinity have been shipping their product to the coast much dissatisfaction on account of the variation of price received, have been expressed. After due consideration and conference the planters felt that in order to succeed they must, in self protection, have a representative to whom they could turn over their shipments. As a result a special meeting of banana growers of the Hilo Agricultural Society was called for last Saturday afternoon at the offices of C. Furneaux. Two propositions were brought before the members which received their consideration. The offer of Mr. R. I. Little was finally accepted and he was unanimously elected the authorized representative and the planters will turn over to him for shipment their entire crop, regardless of weight or size, as far as marketable.—Hawaii Herald.

### TRAIN WRECKING.

Early last week some cane cars on the tracks of the Hilo Railroad near the Peck road started wild down the track and were wrecked at Mountain View, where they jumped the rails. An examination of the chains by which the cars were anchored showed that the metal had been cut and the cars wrecked maliciously. Manager McStocker, for the Oia Sugar Co., to whom the cars belonged, and Superintendent Lambert, decided to offer a trial reward for the arrest of the person who committed the crime. Deputy Sheriff Overend took charge of the case and with Officer Hayama began an investigation which resulted in the arrest of a Japanese woman who was believed to know who did the work. Within forty-eight hours the husband was under arrest and he has since made a full confession of his crime.—Hawaii Herald.

### RAILWAY ASSURED.

Arrangements so far made give assurance of the success of the Kohala-Hilo railway scheme. Mr. Peck writes from San Francisco that everything is satisfactory there and that he will be here in time to break ground on July 4. Before leaving here for the coast Mr. Peck had subscriptions to stock amounting to more than a quarter of a million dollars from coast people. His letters indicate that this sum has been increased.—Hawaii Herald.

### ILLICIT DISTILLING.

W. F. Drake, Division Deputy Internal Revenue Collector, was in Hilo a few days this week on his semi-annual official tour around the island. Mr. Drake was accompanied by Dr. Garvin of Honolulu who is taking an outing trip around the island. Mr. Drake says that his observations show no perceptible increase in the illicit sale of liquor in the islands. The revenue office has more special tax-payers than ever before.—Hilo Tribune.

### CONNECTED WITH HAWAII.

The Hawaii Herald, in reprinting an account of the obsequies of Dwight Benton in Rome, which mentions that the King of Italy bought the last picture of the dead artist, says: Mr. Benton was Consul General at Rome for the Republic of Hawaii and was related to H. P. Baldwin of Maui. His son, C. P. Benton, is the well known contractor in Hilo.

### ONE THING LACKING.

The proposition to establish a hotel in Hilo should be encouraged by the Hilo people; there is no consistency in going to Honolulu for capital when everyone in this vicinity is ready and willing to wield a hammer against Honolulu enterprises. It has been demonstrated that a hotel here is necessary and no one has yet demonstrated to outsiders of capital that such an institution will pay under any conditions experienced by Hilo. The building known as the Hilo Hotel is far too small to be profitable. For years it has been so well patronized by town folk that on summer nights there were few, if any, rooms for transient guests. An annex with not less than twenty rooms might be sufficient, with those now in the building and cottages, to make the place pay and be what is intended it should be a place for the accommodation of tourists. The promoters of the scheme to reopen the Hilo have not met with much encouragement; men who are willing to put money into the enterprise do so to help Hilo rather than with hope for financial returns. For a town of this size to be without a hotel is a disgrace, and to get one is a tax which few men in Hilo are willing to bear.—Hawaii Herald.

### MISCELLANEOUS NOTES.

Olaa has gone into athletics on a systematic basis. Last Saturday the Olaa Athletic Club was organized with S. G. Walker, president; Joe Lino, treasurer, and an executive committee, consisting of the president, Jack Phillips and Mr. C. Quaid. The Olaa race track is being put into shape for baseball and men finished will make one of the best grounds in the district.

The Ladies Guild of St. James Mission betted \$100 and the guests were given an entertainment of the highest order at the benefit concert given at the

Reed's Bay residence of Mr. and Mrs. W. H. Little last Tuesday night. Those who appeared were Mrs. Turner, Mrs. Madela, Mrs. Ross, Mrs. Curtis, Mrs. Black, Mrs. Elliot, Miss Doran, Miss Akamu and Messrs. Cook, Webb, Beers and Braymen. After the program refreshments were served followed by dancing.

In a ten-innings game of ball, the Beamer Specials defeated the Tom-Toms, 3 to 2, last Sunday.

The Knights of Pythias will hold a memorial service on Sunday, for the first time in the history of Hilo lodge. The closing exercises of the Hilo Boarding School will take place the early part of next week. On Monday, at 3 p. m., a literary program will be given at the school. An exhibit of class room and manual work will be displayed. Following this there will be a military and Indian club drill. Tuesday evening, at 7:30 p. m., the graduating exercises will take place at the Hall church.

The small planters of Olaa are looking into the feasibility of erecting a small sugar mill to grind their cane. Investigations are now under way regarding cost, capacity and character of a mill necessary to do the business.

Ah Num, a Chinese who has been a small merchant in Hilo for some time, attempted suicide yesterday morning before getting out of bed. He fired a revolver twice, placing the muzzle against his abdomen. The shots failed to produce the desired result. The police took the injured man in charge and removed him to the hospital for treatment.

The pupils of St. Joseph's School will give a piano recital at the school house Saturday afternoon at 2 o'clock. The commencement exercises will be held June 18, beginning at 2 o'clock p. m. During these closing days there will be an exhibition and sale of embroidery and Battenburg which will attract lovers of fine needlework.

The dengue fever claims a list of victims too long for publication.

The closing exercises at the Catholic Brother's School will occur June 19.

Officer Johnson of the Hilo police force after a ride of over 300 miles, captured a Porto Rican at Halawa this week, who was wanted for larceny on Maui.

Mr. and Mrs. K. F. Mackie gave a delightful dance last Friday evening in honor of Mrs. J. U. Smith, who leaves soon with her daughters for the coast. The Fire Company drilled Monday evening, taking out the engine and one hose cart. The connections were made at the corner of Waiuanue and Picman streets under hurry up orders.

## YOUNG HAWAII IN ATHLETICS

A short time ago, the Advertiser told some interesting things about Hawaiian boys in Eastern college athletics. Later intelligence shows that both Dillingham and Hartwell are to row against Yale in the great annual regatta at New London, June 25th. In the Harvard Crimson of May 30th, appears a picture of the Freshmen (1906) baseball team. Among the boys appears the familiar face of Alfred Castle, who is one of the pitchers. Up to date, the boys have made a notable record, not having been defeated once. For the first time in several years they beat one of the crack New England school teams that had constantly thrown down every nine opposed to it. This year they also defeated the Harvard 2nd Team, which is a good record.

But the struggle around which centers the most intense interest is with the Yale Freshmen. With them, it is the best two of these games. The first was on the 23rd of May at New Haven and resulted in a score of 17-9 for Harvard. Taylor pitched. The second was on the Soldiers' field at Cambridge and, with Alfred Castle pitching, resulted in 12-2 for Harvard, in what is said to have been, throughout, a most spirited game.

Young Castle is expected home for his vacation July 1st. If not prevented by the present very strict rules against professionalism, he may play with some of our teams during the summer.

Richard Cooke, too, at Yale is recognized as one of their safest ball players and will make a record for himself without doubt. He is also on the Freshmen team, but did not play at either of the Harvard games this year for some reason.

## FARMERS COMING FROM NEW YORK

New York State is to furnish a colony of farmers to occupy homesteads in Hawaii. The people will come out this year, according to the subjoined letter from one of their number. It is the culmination of some correspondence with Land Commissioner Boyd, who says the writer represents several families.

"New York, May 30, 1903.

"Mr. E. S. Boyd.  
"Dear Sir: Your esteemed letter and description of the Hawaii Islands received. We have read it with great interest and will inform you that we intend to leave New York in the month of November and arrive at Honolulu the next month, December. We would be very thankful to you if we could obtain our homesteads close to the sea. It does not make any difference to us on which island we get our homesteads, only we get fertile soil where good drinking water can be obtained.  
"Most sincerely,  
"C. J. ANDERSON."

Change of water often brings on diarrhoea. For this reason many experienced travelers carry a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy with them to be used in case of an emergency. This preparation has no equal as a cure for bowel complaints. It can not be obtained while on board the cars or steamship, and that is where it is most likely to be needed. Buy a bottle before leaving home. All Dealers and Druggists sell it. Benson, Smith & Co., Agents for Hawaii.

# WILL PLAY ON KAUAI FOR MURDER NEW TRIAL FOR MURDER

## Polo Men Spend Fourth at Lihue. Dengiro Convicted Without Due Fairness.

Unless there shall be a change in conditions there will not be a polo tournament this year. This conclusion has been reached after some earnest work on the part of the local club, which has been most anxious to have the representatives of the other islands come down for a week of play during the summer.

There are a variety of reasons which will operate against such a gathering of the admirers of the sport. Maui, as the runner up in last year's tournament, might easily have been expected to come down for a week, but owing to the fact that the game should be played earlier than last year, to avoid the rains, the men from the valley island believe that their duties will prevent their taking part in a tournament.

From Kauai there would be no objection, as the men there are rare good sports and would make a try at the play even if they knew they could not win, which is by no means assured. But from the other end of the group there is little hope, for while the young men play have not the horse equipment or the backing to permit them to go in deep enough, to allow the sending of a four with animals fit to compete in the tournament.

As in consequence it seems likely now that if there are inter-island games they will be isolated matches, made when a four can be got together and played at the mutual convenience of the men. The first of these games will be that of July 4, which will take place on Kauai. The field for the sport is outside of Lihue, at a convenient spot for both the Kealia and the Lihue teams, and there the Rice and Spauldings meet and contest at least weekly and have done so for the past six or more months.

The two teams on Kauai are fast and hard players, lacking in some respects the finish of the local player in team work, but that it something that can come only after long and close matches with the best teams, for the play is developed only in such contests. The two teams are made up of the Rice boys and two native cattle men, and the Spauldings and two native riders. It is in this form that the teams play as a rule. However, sometimes for the sake of better practice the teams break up into the Hawaiians against the haoles, and in one such match as this recently, the native boys won the two hours' play with one goal, made by Peter Melina, who was seen here with the Rices last fall.

Having the pick of the Rice, Spaulding and Gay horses there seems every reason to believe that the Kauai team will be the best mounted four that ever will appear on a local field. It is the intention of the Kealia men to secure some trained ponies from California soon, so that they may have the advantage of the schooled horses, but there are now in the clubs stables as good animals as have ever been played here.

The local team will be one of the best that can be arranged, owing to the fact that it has been chosen for the very purpose of meeting the conditions of the Kauai field. The local tournament grounds were all too short for the game, and the result was placing at a disadvantage of the Maui team, its men having practiced on a longer field. The Kauai field is of the full length, 900 feet, for this reason the men chosen are the hardest drivers of the local players. Captain Damon will play No. 1, Robert Atkinson, No. 2, W. F. Dillingham, No. 3, Charles Dele, No. 4. This is a hard team to beat, and the men promise to give a good account of themselves in any play. They will take eight horses, and the Kauai men promise to play only that number so that everything may be kept on an even basis. It is the expectation that the local players will go down in the steamer of Thursday, July 2, and return leaving Lihue on Saturday evening, the Fourth of July.

Father Valentine was successfully operated upon Saturday at the John Sanitarium. He has had trouble with his foot, and is expected to recover soon now.

## KONA SAFELY IN HANDS OF THE REORGANIZERS

Upon the paying over of the amount of his bid for the Kona Sugar Company's property, \$12,250, in gold coin, R. W. Shingle received at Kailua on Saturday, the deeds to the estate. The money was received by Receiver Dorich, under the confirmation of sale made by Judge Edgings, and he made over the papers to Clinton J. Hutchins, Trustee, they being received by Mr. Shingle under power of attorney from Hutchins.

The fact that the deal was completed was communicated to the local capitalists interested in the salvation of this property yesterday. The news carries with it the assurance that there will now be nothing in the way of the complete control of the property by Manager Conant, and that he will go head and harvest the cane which is waiting to be cut, and in addition he may, as well, go on and take off some of the rattoons, while he has the mill going. If necessary to keep the

Judge De Bolt gave an order to set aside the summons in the damage suit of Hu Yong against Bishop & Co., bankers, for false arrest.

### AMICABLE SUIT.

A submission of agreed facts has been entered in the Supreme Court, entitled Oahu Railway & Land Company vs. Ewa Plantation Company and Kahuku Plantation Company.

Fact No. 1 is that Benjamin F. Dillingham, holder of the lease from James Campbell of the lease from Honouliuli lands on this island, executed a lease to Wm. R. Castle of certain portions of Honouliuli, and a lease to Jas. B. Castle of certain portions of Kahuku. Thereafter Dillingham conveyed all of his interest in the Honouliuli lease to the O. R. & L. Co., and Wm. R. Castle conveyed all of his interest in the same lease to the Ewa Plantation Co., and Jas. B. Castle conveyed all of his interest in the Kahuku lease to the Kahuku Plantation Co.

Fact No. 2 is that the two plantation companies named are owners of sugar plantation on the premises deemed to them respectively, while the railway company uses a portion of the Honouliuli land as a cattle ranch and has sublet other portions to various persons and corporations.

Fact No. 3 has it that the Hawaiian Government has assessed and collected taxes as follows relative to the original Honouliuli lease: To James Campbell and his estate after him, \$3,200 a year from 1898 to 1902, which taxes have been repaid to Campbell or the trustees of his estate by the O. R. & L. Co. under a covenant of the lease respecting taxes in the original lease; to the O. R. & L. Co., \$2,000 for 1898, \$3,000 for 1899, \$2,500 for 1900, \$2,000 for 1901, \$2,004.05 for 1902, which taxes the company claims to have paid under duress of law and to prevent a tax sale of the premises and to preserve its leasehold interest from forfeiture; to Ewa and Kahuku plantation companies various sums in which the value of the land for cane growing purposes was considered.

Fact No. 4 is that Ewa and Kahuku plantation companies have always admitted their liability to pay their due proportion of the realty taxes assessed against the Campbell properties in question and paid by the O. R. & L. Co., but they both deny that they are liable by any covenant in their leases to pay any part or share of the amount assessed against that company as its leasehold interest, and upon demand by the O. R. & L. Co. have refused to pay the same or any part thereof.

The question submitted to the court is, whether by virtue of the provisions and covenants in the three leases first mentioned, the Ewa and Kahuku plantation companies are liable to the Oahu Railway & Land Co. for any proportion or share of the taxes paid by that company upon its leasehold interest.

### NEW MURDER TRIAL.

By unanimous opinion of the Supreme Court, written by Justice Galbraith, the verdict of murder, which was followed by sentence of death, against Yoshikawa Dengiro rendered before Judge Hardy at Lihue is set aside and a new trial ordered. The defendant killed his foster father by shooting him repeatedly, and the widow as the chief witness represented the homicide as quite unprovoked. On the other hand, the defendant in his own behalf put forth a strong self-defensive case. In charging the jury the court summed up the evidence for the prosecution but ignored that for the defense. Justice Galbraith concludes a review of the trial in these words:

"The one testified for the Territory and the other for the defense. Their evidence was conflicting to a degree. If the jury believed the testimony of the mother the defendant was guilty of the crime charged and if they believed his story he was not guilty. The defendant was on trial for his life. He had a right to demand that his evidence with that for the Territory should be submitted to the jury under proper instructions on the law without undue prominence being given to any part of it. This right was denied to him and on this account we cannot say that the defendant had what everyone

accused of crime is entitled to, namely, a fair trial. For this reason the exception is sustained and the verdict of conviction is set aside and the cause is remanded to the Circuit Court of the Fifth Circuit with direction to grant a new trial."

S. K. Kaeo and Creighton & Correa for appellant; Attorney-General L. Andrews and W. S. Fleming for the Territory.

### ANOTHER REVERSAL.

"The exceptions are sustained, the verdict set aside, a new trial ordered and the case remitted to the Circuit Court," is the conclusion of a unanimous opinion of the Supreme Court, written by Chief Justice Frear, on defendant's appeal in the assault case of Chee Kit vs. Lee Lung. Robertson & Wilder appeared for plaintiff, J. A. Magoon and J. Lightfoot for defendant.

The court says that if the plaintiff and the trial court had adhered to the theory that it was the defendant's duty to cease resistance and look to the courts for his rights, when a breach of the peace would thus have been avoided, its decision might be different, though on that point it expresses no opinion. But it is found that even if the defendant were a wrong-doer after resistance was offered, it would not follow that the plaintiff was a right-doer. The entire case and its law are summarized in the syllabus, thus:

"A party may abate as a nuisance so much of a dam in a stream as is necessary to enable him to obtain the water to which he is entitled at a point below the dam."

"In an action for assault and battery for resisting an effort to prevent such abatement, it is error to exclude evidence that the dam is a nuisance (on the theory that, assuming it to be a nuisance, the defendant could not lawfully continue in his attempt at abatement after the plaintiff interfered—because of the danger of a breach of the peace) and then to instruct the jury that the defendant had shown no right to justify his attempt to cut down any part of the dam, and that the plaintiff was justified in resisting such breaking or cutting down by the use of necessary force."

### JUDGE LITTLE SUSTAINED.

In a unanimous opinion written by Justice Perry, the Supreme Court overrules the exceptions to the dismissal by the Fourth Circuit Court of the defendant's appeal from the District Court of Puna, in the case of the Territory vs. Aki, on the ground of non-perfection.

Deputy Attorney-General Peters for the Territory, Wise & Ross for the defendant. The syllabus reads thus: "A document purporting to be a notice of appeal from a district magistrate to a circuit court, which is not signed by the appellant or someone on his behalf, is not a notice of appeal within the meaning of the statute."

## SCHOOL BOYS ARE BEATEN

WAILUKU, June 13.—Two baseball games marked Kamehameha Day. The first baseball contest of the day was played between a K. of P. nine and the Young Men's Institute club. After a game of seven innings the Pythians were victorious by the narrow margin of one—the score being twelve to eleven.

The second struggle was between the well known "Morning Star" and the Kamehameha College nine. The result was a decisive victory for the Maui boys, the record of the game reading eight to one in their favor.

The grandstand was crowded with spectators who derived much pleasure not only from the sports but also from the enlivening music by the Kamehameha College brass band.

Wednesday evening, the 10th, the entertainment by the Aloha Dramatic Club at the K. of P. Hall, Wailuku, was a musical treat and much praised by the large audience present. The following program was rendered:

Cornet—"Modischi Fantasia" Th. Hook  
Mr. Lufkin.  
Symphony—"Dancia" .....  
Mr. Zedwitz, Dr. Wall.  
Vocal—"The Two Grenadiers" .....  
..... Robt. Schumann  
Mr. Zedwitz.  
Zither—Selected .....  
Mr. Schulmeister.  
Vocal—Selected .....  
Miss Huntington.  
Violin—"Cavatina" ..... Raf  
Mr. Zedwitz.  
Zither—Selected .....  
Mr. Schulmeister.  
Duet Violins—"Waldenacht" .....  
Mr. Zedwitz, Dr. Wall.  
Vocal—Selected .....  
Miss Huntington.  
Duet, Cornets—Selected .....  
Mr. Lufkin, Mr. Schulmeister.  
Accompanists—Mrs. A. Aalborg, Mr. Schrader.

Trains from all points of Central Maui conveyed people to Wailuku and returned with them after the concert. The Grand Jury of the Second Judicial Circuit has been busy all the week with exception of the 11th in investigating police and other matters and in hearing various cases, among which is the recent Japanese murder case at Camp Puunene. It is alleged that on the morning of the 6th at Puunene a certain Japanese named Yamada Kamatatsu 40 years old, killed his wife with a Japanese dagger inflicting two deep wounds in the throat and was restrained from committing suicide with the same weapon by his neighbors. Jealousy was the cause of the murder.

It is expected that some time today the Grand Jury will report upon the and other matters and be dismissed. The petit jurors have been idle all the week until Friday waiting for Deputies Attorney-General Rawlins to finish with the Grand Jury. Friday was devoted to the trial of a prominent young man of Kilauea for criminal assault—the plaintiff in the case being a Japanese woman. After the evidence for the prosecution given by three Japanese was heard Judge J. W. Kalua granted the motion of Judge Stanley, the attorney for the defense, that the defendant should be discharged from custody on the ground that the evidence presented was insufficient for conviction.

# KALUA TO GO TO MOLOKAI

## Lepers Want Him to Hear Their Appeal.

Judge Kalua will probably visit the leper settlement before the close of the present term of court to try two cases that have been appealed to him. He has written to Attorney General Andrews asking what the custom has been with reference to the cases at the settlement, and Mr. Andrews requested that he make the trip.

It has been years since a term of court has been held at Kalaupapa, Judge Kalua has been on the bench for about three years and has never held a term of court in the settlement.

The lepers think that they have a hard time trying to get justice. For a long time they didn't have any court at all, and all troubles were settled by the superintendent, as none of the district magistrates outside the settlement could be induced to come in. About a year ago an effort was made to do away with the complaints respecting the lack of justice, and Governor Dole commissioned J. K. Nathaniel as district magistrate. Judge Nathaniel has been giving the lepers a trifle more of justice than they wanted, however. He held the office, and though there wasn't any salary connected with it, he intended to have all the honor that might go with it. He couldn't get any of the honor without holding court, and he couldn't hold court without attorneys, he thought. So he proceeded straightway upon his appointment to examine various friends for admission to the bar. A woman, a one legged man, a one eyed man, and others similarly afflicted were among the first batch that were permitted to practice in his court. The next thing was to get prisoners to be tried, and so a few awa sellers were arrested. Then another man charged with assault was brought within the meshes of the law. Nathaniel distributed justice with such unevenly balanced scales that the lepers who had been asking for a district magistrate began to request that he be removed. Judge Perry of the Supreme Court was finally sent down to examine into Nathaniel's actions but he couldn't do anything, and Nathaniel still holds court.

One thing, however, the lepers can appeal from his decisions, and this they have done in the two cases in which he convicted the defendants and sentenced them. It is these cases that Judge Kalua has been asked to try and he may go down this term if he finishes his work at Wailuku in time. The island of Molokai is a part of Kalua's judicial district, but the lepers are never called to serve on his juries. Two cases have been appealed to Judge Kalua at chambers, and ordinarily the parties involved would go to him, but the rules of the settlement prevent this, and so the judge will have to go to Kalaupapa.

Today the trial jury will consider two cases: one for larceny and the other for vagrancy. This jury has considerable work to accomplish. The concert at Pala, Tuesday evening, by the girls of Maunaloa Seminary was most successful, the hall being well filled with Makawao and Wailuku people. A free train by the Kahului R. R. Co. was run between Wailuku and Pala before and after the musicale.

The following program was noteworthy, not only because it displayed artistic merit, but especially because it exhibited the most excellent training given the students by their music teacher, Miss Cooleedge, who, to the regret of all friends of Maunaloa, will teach at the Kawaihau school next year.

"Two Trios in Canon".....Martini Chorus.  
"Heliotope".....Lichner Emma Peplowski.  
"Swing Song".....Lohr Misses Nakaahiki and Hanuna.  
"Slon".....Rodney Chorus in Unison.  
"Waltz and Mazurka".....Orth Louisa Pratt.  
"Little Boy Blue".....Perkins Glee Club.  
"My Lady's River".....Temple Reba Hanamakaik.  
Song and Salute to the Flag.....Primary School.  
"I'm Ashamed to Look My Dolly in the Eyes".....Knauer Julia Toomey.  
"The Clock".....Behr Louise Robinson.  
"Morn Rise".....Czibulka Misses Forbes, Kalino and Kaleo.  
(a) "Will Row Thee".....Mehul (b) Fairy Revel .....Rosslal Chorus.  
(a) "Rosetta".....Bachman (b) "Air de Ballet".....Saloman Emma Forbes.  
Signal.....Shira Miss Cooleedge.  
"Norwegian March".....Soloman Glee Club.

Six or seven of the events received encourage—the glee club making a fine exhibition of harmony and voice culture in all its choruses. Miss Cooleedge's solo in Italian showed musical cultivation of a high order and the song by Julia Toomey—"I'm Ashamed to Look My Dolly in the Eyes"—was especially deeply appreciated by the audience. Seventy-five dollars were realized by the sale of tickets. The closing exercises of Maunaloa Seminary Pala, took place on Wednesday.

(Continued on page 7.)

## OARSMEN ARE AT IT Training for the Fourth of July.

That there will be a race for keeps, one which will please every spectator from start to finish, on July 4th, at Pearl Harbor, is assured by the status of the clubs at the present time, the fact that both have crews far advanced, and that there will be some hard work done between this time and the day of the great event.

The men of the two clubs are hard at it, rowing in the harbor each evening, and it is expected that during the next week the scene of their active training will be transferred to Pearl lagoon. Thus far it has been their endeavor to train here, owing to the large expense of maintaining quarters there, and so there has been only the regular rowing from the boat houses. The crews of both clubs have been working well, perhaps the Myrtles being a bit to the good.

The Healanis, under Captain Walker, are working, though hardly to his satisfaction, for the most courteous endeavors to find something about his crews meets no response. It can be said, on the side, as it were, that there is a degree of activity in the crew and that the prospects are that the two crews will be of fair average.

Of the reds there is more to be said, for the men are working well, turn out all the time and seem to show some form. They are not level in their stroke as yet, and the training will have to develop them, but they are willing workers and should round into form right readily.

The junior crews have not been slated, according to the reports, and in consequence there is much to come from the next week's training.

The conditions for the race this year will be better than before for the noted changes at Pearl Harbor will have the effect of making the day much more pleasing for visitors. The trains now run to the end of the Peninsula, and the people will be saved the long and dusty walk. There will be as well better opportunities to witness the race, and the spectators will see it almost all the way. The new club house of the Hawaii Yacht club will be in shape for the reception of guests on the day, and this will add to the pleasure of the occasion.

On the day of the race arrangements have been made for special train service, which will make it possible for the visitors to see all that is to be seen. This train will reach the Peninsula just in time for the races, and will return immediately they are over. This should put every person who attends the races back in town by 12.30 o'clock, so that they may see all that is scheduled for that afternoon.

The course will be a mile and a half straightaway. This course has been followed for several years, and proves satisfactory, as the race is in sight of the shore all the time and does not mean total exhaustion for the men on the short training. The former events with date, course, distance and winners are given as follows:

Oct. 8, 1892—Pearl Harbor, 3 miles with turn, Healanis B. C.  
Oct. 7, 1893—Pearl Harbor, 3 miles with turn, Myrtles B. C.  
1894—No race.  
1895—No race.  
May 9, 1896—Pearl Harbor, 1½ miles straightaway, Myrtles B. C.  
Sept. 11, 1897—Pearl Harbor, 1½ miles straightaway, Myrtles B. C.  
Sept. 10, 1898—Pearl Harbor, 1½ miles straightaway, Healanis Y. & B. C.  
Sept. 9, 1899—Pearl Harbor, 1½ miles straightaway, Myrtles B. C.

## NO CHANCE TO SMUGGLE But Goods Passed Here Could Enter at Coast.

Tourists who stop off at Honolulu don't attempt to smuggle valuables into the country through this port. If they succeeded, they would not have to go through the same formality at San Francisco where recently there has been such an epidemic of smuggling cases. Some of the people who tried to evade duty and were caught at it, were well known in Honolulu and some of them stopped off in this city on their way over. But they sent their baggage on ahead.

The custom restrictions here are the same as at the coast, and are enforced just as stringently in Honolulu as at San Francisco. But, though this is the first port of entry, going to the United States as a general thing, passengers stopping off en route don't bring their baggage with them.

It seems a matter of surprise that there should be no more attempts to evade the duty at Honolulu than there is, as it would appear that it would not be such a difficult feat as at a large port like San Francisco. But it is probably more difficult to smuggle goods into Honolulu than through the larger port.

"Everything from a foreign steamer brought into Honolulu is rigidly inspected," said a custom officer yesterday. "Baggage is examined here just as thoroughly as at San Francisco. Few passengers who are booked through to the coast, and stop off en route, bring their baggage ashore. What comes ashore goes to the customs officers for examination, and is listed. Then when the passenger sails for the coast the baggage is placed in a sealed compartment with a combination lock. The combination is sent to the Collector at San Francisco, and the compartment is not opened en route. If there is any suspicion of wrong, the collector examines the baggage again, and can easily ascertain from the lists sent him, whether anything dutiable has been added."

"If the passenger doesn't get his goods down in time enough to go into the sealed compartment, the customs officers tie it up with rope and then seal it. If the seal has been broken en route the baggage will be examined again. But there are very few attempts to get goods into the United States through Hawaii without paying the duty."

Sept. 10, 1900—Pearl Harbor, 1½ miles straightaway, Healanis Y. & B. C.  
July 4, 1901—Pearl Harbor, 1½ miles straightaway, Healanis Y. & B. C.  
July 4, 1902—Pearl Harbor, 1½ miles straightaway, Myrtles B. C.  
The '92 and '93 races were rowed between the Myrtles and the old Healanis B. C. The latter became disorganized after the '93 race, hence no race in '94. In the latter part of '94 the present Healanis Y. & B. Club was organized, and the '95 race was in preparation, but the cholera stopped it. Since then the race has been between the Myrtles and Healanis Y. & B. C.

The '92 and '93 races were rowed in six-oared sliding seat barges, over a three-mile course with a turn. The '96, '97, '98, '99 and 1900 were rowed in four-oared lap streak Australian shells, over a 1½ miles straightaway course. The '01 was rowed by the Healanis Y. & B. C. in a four-oared racing shell, the Myrtles rowing their old lap streak. The '02 race, as well as the coming race, will be rowed in four-oared racing shells.

Of the nine races the Myrtles have won five and the Healanis four.

## LIPTON'S FLEET IS SAFELY ANCHORED IN NEW YORK

### Third Shamrock Has a Successful Trip Across the Atlantic.

(Associated Press Cablegrams.)

NEW YORK, June 14.—Sir Thomas Lipton's fleet arrived safely today, and is tonight lying in Erie basin. The fleet consists of Shamrock III, the challenger, Shamrock I, and the steam yacht of Lipton, the Erin, which acts as the tender.

The vessels were welcomed by a fleet of yachts and excursion boats, which had been in waiting down the bay for the vessels. They came up the channel escorted by the welcoming flotilla, with sirens tooting and men and women cheering.

~~~~~

THE ERIN, TENDER TO THE SHAMROCKS.

Sir Thomas Lipton's fleet consists of his magnificent steam yacht Erin, the Shamrock I, the original Lipton challenger, which raced for the American Cup in 1899, and the Shamrock III, the fine craft which is to race against the Reliance in August of this year. The Lipton fleet has made a good passage from Fayal, the Azores, as it left that point on June 4th. As the races will not occur until August the new challenger will have every opportunity for trial in American waters and this will give her crew considerable schooling in the matter of weather to be encountered in the race off Sandy Hook. The original Shamrock is brought along for the purpose of having some minor races. Sir Thomas Lipton now has three very costly racing yachts in American waters, the Shamrock I, Shamrock III, and the Shamrock II, the unsuccessful challenger of two years ago.

## KENTUCKIANS FIGHT OUT THEIR FEUD WITH FIREBRANDS

(Associated Press Cablegrams.)

JACKSON, Kentucky, June 14.—The Hargis-Cardwell political feud assumed a more serious phase today, through the incendiary burning of the Hotel Early, whose proprietor, Captain Ewen, is the principal witness against Tom White and Curtis Jett, who were recently indicted for the murder of I. B. Marcum, a prominent attorney and for years a strong supporter of the Hargis faction. The burning of Ewen's hotel is said to be a warning to him that he will not be allowed to testify against White and Jett. Large numbers of both factions to the feud are in the city and they surrounded the burning building. A detachment of the Second Regiment of the Kentucky National Guard, which has been on duty here ever since the murder, cleared the space around the burning building and prevented a pitched battle between the two factions. Other witnesses against the two men have been intimidated.

PORTLAND, Oregon, June 15.—The town of Heppner, on Willows Creek, was visited by a cloudburst today that did terrific damage. The cloudburst with its accompanying flood came down without warning, and the sudden devastation was farthest from the thoughts of the hundreds of people who were swept to death in the flood.

## DEATH OF VAN GIESEN Was Police Officer for Many Years—Eugene Bal Dead.

J. H. Van Giesen, for many years in the service of the Police Department, died early yesterday morning after an illness lasting less than a week. The deceased was fifty-five years of age, and well known about the city. He had been connected with the Police Department for ten years, or since the overthrow of the monarchy in 1893. For some years past he has been acting as stenographer to High Sheriff Brown, though still remaining on the rolls as a patrolman.

The deceased is survived by two sons and a daughter. The funeral will be held this afternoon at two o'clock from H. H. Williams' undertaking parlors.

EUGENE BAL DEAD.

Eugene Bal, for fifty years a resident of the islands, died in this city on June 11th of hemorrhage of the brain. He was born in Bordeaux, France, over seventy-nine years ago, and came to Honolulu when he was twenty-nine years of age.

In 1853 he went into the butcher business and other enterprises in Lahaina, Maui, when the whaling fleet made that one of the liveliest towns in the islands.

Later he went into the sugar business in Wailuku and in 1875 he started a sugar plantation on Molokai, but it was not a success.

In 1880 he returned to Wailuku and went into the stock raising business for a while and was also employed there by the government.

He joined the Masonic Fraternity in Honolulu in 1868. His wife died in Wailuku thirteen years ago. He leaves one son, four daughters and thirty-two grandchildren.

The remains have been embalmed, and will be taken to Maui on Tuesday on the steamer Claudine, to be buried by the side of his wife, according to his request.

In former days Mr. Bal was well known in Honolulu but lately he has been almost a stranger.

The funeral services will be held at 11 o'clock on Tuesday morning in the undertaking parlors of H. H. Williams, Fort street.

## WILL WORK FOR PLACE Home Rulers Get Together at Feast.

Thursday at Wailuku was a gala day to be remembered. The presence of the ex-queen on Maui lent an air of gaiety, and the Kam. boys with their band music and the promise of a good game of ball in the afternoon added to the excitement.

The luau at the Skating Rink was a great success. At ten o'clock, the queen with her attendants arrived and was escorted to a seat of honor on a raised dais. Here she was joined by Mr. and Mrs. Wilcox, Mr. Dorcas Richardson, Louis Kookoo and Thomas Clark. Mr. Kookoo in a brief but pleasant speech presented the queen to the immense assembly, and she graciously arose and addressed a few kindly words to the audience.

After a brief luau, and a few songs, she withdrew, and the luau continued till one when several speakers took the platform and discussed the issues of the day. Robert Wilcox led off in a speech from which it was easy to see that he had evidently read and digested the advice given in the News, for he argued that the time had come to lay aside party wrangles in local affairs and that the better elements of the island should unite in the selection of honest and capable supervisors and other county officers. He spoke kindly of Delegate Kalaniana'ole, and advised his hearers to support him at the next election if they saw fit, and that he Wilcox would be satisfied with the position of leader of the House in the next legislature.

Senator Kalua, who was present, spoke briefly in the same strain, and so did Thomas Clark. Then followed Mouth Makekau of Lahaina in a fervid address, in which he advised the homeruleers to disregard the advice of the previous speakers and hang together on strict party lines. There was an immense attendance at the luau, and an abundance of food for all the hungry ones.—Maui News.

## HAIKU WILL PLANT SISAL

The Haiku Plantation, with commendable enterprise, has undertaken the exploitation of the sisal industry on Maui. The plantation owns several thousand acres unavailable for cane, but of excellent soil, and suitable for the culture of a high grade of sisal. For several years past sisal has been grown on this land as an experiment, and has produced a fine large plant. Samples have been sent to the mill on Oahu, and test fiber has been forwarded to the Tubbs Cordage Factory at Oakland, Cal., to be tested as to its quality.

Mr. W. E. Beckwith of Haiku, who is the manager of the enterprise, has 150,000 plants which he expects to have set out before Christmas and from 500 to 500 acres will be planted to sisal. It will take from three to four years to be ready for cutting, by which time a mill will be erected at Haiku to prepare the fiber. While it is too early yet to predict the final result still the experiment will be pushed and if the enterprise proves successful, several thousand acres of the Haiku Plantation Co. will be set out to sisal, and doubtless many thousands of acres of adjoining lands will also be set to sisal.—Maui News.

## LEGISLATORS WILL PLAY BASEBALL FOR LEPERS

There will be raised for the Lepers at Kalaupapa, a fund for the usual Fourth of July entertainment, and as well there will be some rare sport for the people of Honolulu, when the Legislators get together on the diamond of the new baseball park on Friday afternoon for a match at baseball.

While the benefit is the first consideration, it is not for anyone to argue that the game will be pure fun, for there is a deep seated grudge to be wiped out in base hits and scores. The Senate has been called the superior body until the House members have ranked. They are tired of it and they intend to show that they are the better of the two at any game, baseball being the one now chosen for the first round.

The game will be a short one but that will not prevent the filling of the hour and a half with sport rare for the spectators at least. It is the intention to have tickets for the match on sale at all downtown stores tomorrow and as well it is now planned to have the boxes for the contest sold at auction on Thursday at noon at the Stock Exchange. There will be a uniform admission fee of fifty cents and without doubt the grounds will be full of spectators.

The Senators owing to the fact that they are so generally grave and reverend have been permitted to ask Delegate Kalaniana'ole to be of their side. This gives to the upper house counting by the stairs of the Capitol building only a battery which is counted upon to lay out the others, as Senator Woods, he of fame as a twirler in old days will be the delivery end. The rest of the team will be made up of Senators and employees of the upper house as follows: First base, President Crabbe, captain, second base,

Senator M'Candless; short stop, Senator Achi; third base, Interpreter Crawford, left field, Typewriter Thornton; center field, Clerk Savidge, right field, Sergeant-at-Arm Kama. All the others will be substitutes.

The House will have a younger team, but it will be without the experience of the above stairs body. Representative Knudsen of Kauai, will be the captain of the team, and after a try-out yesterday afternoon he selected the following as his first nine: Andrade, catcher, Kellinot, pitcher; Lewis, first base; Knudsen, second base; Kumalae, short stop; Vida, third base; Damien, left field; Harris, center field; Kalama, right field.

There may be ground rules which will permit certain men to catch on the first bound, and to prevent a man taking more than one base on balls. If the weather is clear there may be a privilege for umbrellas in the field, and the messengers are expected to be called into service to chase long hits.

The question of umpires has caused some trouble. It has been suggested that Senator Ikenberg for the upper house and Representative Arlett for the lower house officiate but again the suggestion has been made, that as the legislature must act to the wishes of the courts that Justices of the Supreme Court be secured as the umpires for the day. This may permit Chief Justice Pratt to look on as a court of appeal while Justices Peters and Galloway work in the field. Enough said to show that it will be worth while for the band will play. There may be a parade and the officials of the government will be in attendance. The Attorney General acting as scorer, and the ever genial Treasurer as chief gatekeeper. The game is scheduled for 4 o'clock, on Friday.

## ROW IN CONFERENCE OVER PROPOSED MONEY FOR PRATT'S FIRE CLAIMS WORK

The Conference Committee on the House six months' appropriation bill held its first meeting last evening in the Senate chamber and managed to get through a lot of work. There were disputes on only a few items, but generally the Senate's amendments carried. Senator Achi was elected chairman of the Joint committee.

The principal fights were on the item of \$10,000 for reimbursement of the Merchants' Association for expenses of J. G. Pratt and on the Hawaiian Fertilizer Co. license refund. Action on both matters was postponed. It will probably take three nights of steady work to complete the bill, as there are from twenty-five to thirty changes to be considered.

The item of \$17,000 for advertising the resources of the islands passed as in the Senate bill, the House having fixed it at \$10,000.

Senate amendments of \$500 for incidentals of the Governor's office, \$250 for expenses statistical bureau, \$2500 for Hilo Gamewell fire alarm system; \$700 for expenses of insurance bureau, were all agreed to.

Printing, Secretary office to include County bill passed at \$6,000 as in the Senate bill. The House gave but \$1,000.

The subsidy of \$1250 for the Pacific of the Pacific as inserted by the Senate was stricken out.

House item \$2500 for treasurer's office was agreed to, though the Senate had passed it at \$4,500.

There was a big fight over the Senate's item of \$10,000 to reimburse the

Merchants' Association for expenses of J. G. Pratt at Washington. All the House members but Harris objected strenuously to the item, and the Senators offered to reduce it to \$7500. No agreement could be reached and action was postponed.

The Hawaiian Fertilizer item of \$1,000 for refund of license provoked another storm. The item was in both bills, but the Senate had amended it to read "collected in error" instead of "illegally collected."

Chairman Achi ruled that the committee could not strike out the item when the only difference was in the wording, but he was overruled on appeal.

Further action was postponed. The item of \$20,000 for the St. Louis fair was agreed to with the Senate's amendment striking out "and building."

The Senate amendments \$50,000 for repairs to wharves, and \$50,000 for dredging Honolulu harbor, called out objections from the House conferees, but both were finally agreed to. The principal objection came from the native members who thought that the wharves should be repaired by the United States government, and that the dredging of the harbor was a work which should be done by the owners of the new wharves.

The Senate amendment raising the \$10,000 House item for electric lights Honolulu to \$6,000 passed, half to be expended in the fourth and half in the fifth districts. The Senate item of \$5,000 for electric lights Punaui was stricken out entirely.

**Womburg-Bremen Fire Insurance Co.**

The undersigned having been appointed agents of the above company are prepared to insure risks against fire on Stone and Brick Buildings and on Merchandise stored therein on the most favorable terms. For particulars apply at the office of  
F. A. SCHAEFER & CO., Agts.

**German Lloyd Marine Insur'ce Co. OF BERLIN.****Fortuna General Insurance Co. OF BERLIN.**

The above Insurance Companies have established a general agency here, and the undersigned, general agents, are authorized to take risks against the dangers of the sea at the most reasonable rates and on the most favorable terms.

F. A. SCHAEFER &amp; CO., General Agents.

**General Insurance Co. for Sea, River and Land Transport. of Dresden.**

Having established an agency at Honolulu and the Hawaiian Islands, the undersigned general agents are authorized to take risks against the dangers of the sea at the most reasonable rates and on the most favorable terms.  
F. A. SCHAEFER & CO., Agents for the Hawaiian Islands.

**YOUR SUGAR CROP**

Depends on the right quantity and quality of Ammonites it has to feed upon. Nitrogen (Ammonia) being the principal material removed from the soil by sugar cane.

A few dollars' worth of

**NITRATE OF SODA**

(The Standard Ammoniate)

fed to each acre of growing cane will give surprising results.

Planters should read our Bulletin giving results of Agricultural Experiment Station trials. They are sent free. Send name on Post Card.

**WILLIAM S. MYERS, Director.**  
12-16 John St., New York,  
U. S. A.

**Amesbury Has Retired.**

Captain "Dad" Amesbury one of the best known skippers that come to Honolulu has retired from the sea. He has resigned as captain of the S. D. Carelton and will not be seen here again, unless it is on a visit. "Dad" as he is familiarly known in Honolulu is returning to his old home in Maine. Captain Michael Burke, formerly master of the schooner F. W. Howe is to take command of the Carelton.

**GET STRONG.**

To get much benefit or happiness out of life one must have the average degree of strength. Weak persons always miss the cream and marrow of what the world has to offer. And yet what multitudes are weak! They would freely give all they have for strength and vigor yet know of no way to make the exchange; such people are easily tired and fall into low and melancholy moods; they are apt also to lose weight. Weakness is commonly the result of a diseased condition,—often without pain or any acute symptoms. The appetite is poor, the digestion feeble, the blood pale and wanting in all the elements of true vitality. The trouble is with the nerves and the food system. The remedy is a safe and powerful tonic, cleanser and builder like **WAMPOLE'S PREPARATION** which never fails to make the weak strong. It is palatable as honey and contains the nutritive and curative properties of Pure Cod Liver Oil, extracted by us from fresh cod livers, combined with the Compound Syrup of Hypophosphites and the Extracts of Malt and Wild Cherry. It is a medicine of to-day. The products of the most advanced medical science enter into its composition. To it thousands owe renewed strength and zest for work and enjoyment. One bottle convinces. Dr. F. H. Angier, of Canada, says: "I consider your preparation of cod liver oil an invaluable remedy in the treatment of weak, emaciated, nervous and dyspeptic patients. I have used it both in my practice and in my own family and met with the best of results in its use, the patients showing a gain from the first day it was used." It is effective in diseases of the blood, lungs and assimilation. You cannot be disappointed in it. Sold by chemists everywhere in the world.

**IN PATH OF TRAIN****YARDMASTER ELLIOTT FALLS ALMOST UNDER ENGINE WHEELS**

He Rolled Off the Track Just in Time to Save Himself From a Horrible Death.

Yardmaster J. T. Elliott had thrown a switch in the Pennsylvania railroad yards and was crossing the track in front of an engine when he was seen to stagger and then suddenly to collapse. He fell almost under the pilot but fortunately rolled off the track to one side. He was not injured.

"After that," said he to a reporter, "I made up my mind to quit work. The fall which might have cost me my life was caused by a nervous disease and might occur again at any time. The trouble began with a severe pain in the legs and my physician said it was muscular rheumatism. I took his medicine for some time without seeing any improvement. The pain continued and my strength kept ebbing away. I noticed that I was not as agile as I used to be and could not catch and climb a moving car as readily as I once did. Then came my narrow escape and I gave up work."

"A different physician this time said I had locomotor ataxia, but I only grew worse under his treatment. I began to have attacks of vomiting one of which lasted for sixteen days. I grew thin as a skeleton and very weak. Finally I had a consultation of three Pittsburg physicians and they pronounced me incurable. The pain in my body and legs continued to increase and became so severe that I had to take morphine sometimes to get a little relief. I became just about helpless with no control of my legs."

"One day a friend sent me a clipping from a newspaper telling of a remarkable cure of locomotor ataxia by Dr. Williams' Pink Pills for Pale People. So I began taking them. I followed directions carefully and soon began to improve. It was gradual but sure and now I am like another man. I can go around and took a three weeks' trip a little while ago without experiencing any bad results. I have not had a pain or vomiting since I began taking Dr. Williams' Pink Pills."

Mr. Elliott was in the employ of the Pennsylvania railroad for fourteen years as brakeman, then conductor and finally as yardmaster. He lives at No. 5818 Parker street, Pittsburg, Pa., and is ready to corroborate the above statement.

Dr. Williams' Pink Pills for Pale People are sold by all druggists, or direct by Dr. Williams Medicine Company, Schenectady, N. Y., 50 cents per box; six boxes for \$2.50, postpaid.

**NOW HAS TO ASK PERMISSION**

The Quarantine wharf can no longer be used by the Territorial officials without first obtaining permission from Captain White. That is, no vessels can be docked there, without his authority. Captain White sent his memorable order demanding the surrender of the Channel wharf about two weeks ago. It was to have gone into effect June 12th. At the same time he sent to Harbor Master Fuller an order requiring him to obtain permission before docking any vessel at the Channel wharf.

**FEAR JAPS CANNOT COME TO HAWAII**

The emigration agencies in Yokohama have, says the Tokyo Asahi, been scared by the receipt of a Hawaii message to the effect that a section of the American people has come to think that the Japanese emigrants are brought to Hawaii in an illegal manner. Mr. F. B. Sargent, Chief of the Section of Immigration, has been making investigations in Hawaii in connection with the manner of landing the Japanese emigrants and also with regard to their pocket money. It is possible that the United States Government will prohibit the immigration for the time being.

**A Stricter Examination.**

Because of the recent outbreak of plague at Hong Kong the local Quarantine officers have been ordered to make a more rigid examination of cabin passengers coming to Honolulu from the Orient. Formerly the cabin passengers were passed after but a cursory examination, but the Gaelic had to undergo a much more rigid test for her first cabin passengers. The new order is believed to be due to the fact that the plague has spread among the white population at Hong Kong, eight officers of a British warship having been taken with the disease.

EDWARD M. BOYD.

It is with the idea that it is a good thing to wait, that the business end of Honolulu is now taking things easy.

There has been no actual development in the carrying through of the plans for the rehabilitation of the Kona Estate. The land owners and the monied men of the promoters of the new property, have not got together and each side is perfecting its plans for the reorganization.

There was little business done on the Board, there being only four stocks in the transactions, and these at rates which do not indicate any great activity in demand.

Onomea was pushed up under the pressure of buying, 100 shares going at \$23, and then half being added to the price, 200 shares more going at \$23. Oahu sold down to \$102 for five shares, and Ewa, 180 shares being transferred, was kept at the regular price of \$21. Hawaiian Agricultural was traded in to the extent of 50 shares, the price being \$245, a five point slump. For a block of Oahu Railway bonds, of \$9,700, \$103.50 was the price.

There have been completed all arrangements for the taking up of the first issue of Pioneer Mill Bonds, on the first of the month, and the Ewa securities drawn for retirement are being brought in slowly. The bonds will be replaced in great extent with those of the new issue and it is understood that there has been almost the entire first issue included in the agreement to refund.

There has been some discussion of the reason why Ewa should pay off bonds while keeping the dividend at 6 per cent. This is believed in the street to be due to the determination of the directors to clear up this estate as soon as possible. There will be \$200,000 of the bonds returned this year, which will be equal to a 10 per cent dividend on the stock, and will cut out the interest charge. It is confidently expected that Ewa will close the year with a balance of cash on hand, something rather pleasing.

**REAL ESTATE.**

There is some inquiry for realty, Pearl City having a small boom owing to the better train service, Tantalus is being sought and the Kaimuki inquiry is still good.

Contracts have been signed by John Ouderkerk and the trustees of the Odd Fellows, for the new building of the lodge. The contract calls for the completion of the work in eight months, at a cost of \$45,733, which with the iron and terra cotta ordered will make the structure stand \$69,233.

The sale of the Lewis estate property yesterday at noon was full of surprises. The principal one came when the lot, corner of Bethel and King was put up, and finally knocked down for \$32,500. This lot had an upset price of \$28,000, and no one thought it would bring more than \$20,000, on the streets yesterday morning. But L. L. McCandless and August Dreier got to bidding against each other and the result was the sending up of the price. There were several other bidders but they dropped out before the \$20,000 mark had been passed, realizing that it was a battle which they could not hope to win, and so left it a duel.

The Waikiki property was fairly productive of good prices. With the upset of the lots went right well, and the following list shows first the number of the lot, the former upset price that realized and finally the name of the purchaser: No. 2, \$1,800, \$1,250, J. D. Lewis; No. 4, \$600, \$600, J. D. Lewis; No. 5, \$600, \$400, A. K. Lewis; No. 6, \$500, \$375, C. Lewis; No. 7, \$500, \$395, J. D. Lewis; No. 8, \$450, \$225, Mrs. Marie Humphreys; No. 9, \$450, \$200, and No. 10, \$450, \$325, L. H. Wolfe; No. 12, \$350, \$295, Poluea Kalauokalani; No. 13, \$350, \$255, and No. 14, \$350, \$290, J. D. Lewis. These figures show some activity in prices, if there was not the full amount of bidding that was expected by those interested.

**SCHOOL BOYS ARE BEATEN**

day morning, the 10th, in Baldwin Hall.

From 9 to 10:30 a. m., recitations in arithmetic, singing and geography illustrating, the most modern methods of teaching here given. These exercises were followed by addresses by Dr. E. G. Beckwith, J. N. K. Keola, School Inspector C. E. King and Rev. E. K. Hanuua.

A sale of lauhala articles, lace, drawn work, etc., was one of the features of the occasion.

Miss Snow, the new principal, declared that the policy as regards instruction at the seminary for the coming year should be one in which industrial education (cooking, sewing, etc.) should be made most prominent.

The last exercise of the day was a May pole spectacle in the open air, participated in by fifteen little girls elaborately costumed in tissue-paper dresses of various tints.

**STRAY NOTES.**

Early on the morning of the 5th Haleakala was capped with snow for a short period of time. This is a most unusual occurrence during the month of June.

To the surprise of many people the Mallets of Kahului defeated the Walluku at baseball at Wells Park, Walluku, on the afternoon of the 11th, by the small score of five to three. Though it is not sportsmanlike to offer excuses, still it should be said that an accident to W. H. Cornwell, Jr., the catcher for the Walluku boys, had something to do with the defeat.

During the sixth inning Cornwell was seriously injured by an accidentally striking him on the cheek-bone with the eye with either his head or hand. Cornwell pluckily played the game out though dizziness caused him to allow more passed balls than is customary for him. The score was three to one in favor of Walluku at the beginning of the eighth inning. During this inning Kahului had two men out and three men on bases when the unexpected

happened—a weak batsman struck a three-base hit and victory perched on the banner of Kahului.

Richard H. Trent, the Volcano House agent, and two ladies and a gentleman from Honolulu under the guidance of W. O. Aiken of Makawao made the ascent of Haleakala and spent Wednesday night in the little cave at the summit. The party had a fine view of the crater Wednesday night but on Thursday, the day of their return, it rained.

Friday Messrs. Trent and Aiken went up Iao Valley, but could go only as far as the third crossing on account of lanterns which choked the pathway and tore their clothes. The attention of the Legislature now in session is respectively called to the fact that the most beautiful valley in the Territory is inaccessible on account of lanterns. Mr. Trent, however, was much pleased with his trip and in conjunction with Mr. Aiken will soon make arrangements whereby the round trip from Honolulu to Haleakala and return can be made by those desirous to do so under most favorable conditions and at reasonable terms.

During Saturday evening, the 6th, a most enjoyable dancing party was given by Dr. G. S. Aiken at "Sunnyside," Paila. The parlors and verandas were brilliantly lighted by gasoline lamps with handsome globes of various colors. A large photograph furnished excellent music and amusement as well during intermissions. Ping-pong and the game of dominoes known as "42" amused those who did not care to dance. Ice cream and cake were served at midnight. About fifty Paila, Hamakua-poko and Walluku young people enjoyed the occasion.

Tonight the Kamehameha school boys with their brass and stringed bands will give a concert in the Walluku school house. The college boys are touring Maui and giving concerts to raise funds for the benefit of their college.

Mrs. French of the Salvation Army spoke in the Paila Foreign church last Sunday.

Messrs. Louis Koko and Chas. Kanehelo of Walluku were the prime movers in arranging for the grand luau of the 11th.

Chester Doyle, the Japanese Inter-

**SKIN TORTURES**  
And Every Distressing Irritation of the Skin and Scalp Instantly Relieved by a Bath with CUTICURA SOAP

And a single anointing with CUTICURA, the great skin cure and protect of eczema. This is the purest, sweetest, most speedy, permanent, and economical treatment for torturing, disfiguring, itching, burning, bleeding, scaly, crusted, and pimply skin and scalp humors with loss of hair, and has received the endorsement of physicians, chemists, and nurses throughout the world.

**Millions of Women**

Use CUTICURA SOAP, exclusively, for preserving, purifying, and beautifying the skin, for cleansing the scalp of crusts, scales, and dandruff, and the stopping of falling hair, for softening, whitening, and soothing red, rough, and sore hands, in the form of baths for annoying irritations, inflammations, and chaffings, or too free or offensive perspiration, in the form of washes for ulcerative weaknesses, and for many sanative and septic purposes which readily suggest themselves to women, and especially mothers, and for all the purposes of the toilet, bath, and nursery. No amount of persuasion can induce those who have once used it to use any other, especially for preserving and purifying the skin, scalp, and hair of infants and children. CUTICURA SOAP combines delicate emollient properties derived from CUTICURA, the great skin cure, with the purest of cleansing ingredients and the most refreshing of flower odors. No other medicated soap ever compounded is to be compared with it for preserving, purifying, and however expensive, is to be compared with it for all the purposes of the toilet, bath, and nursery. Thus it combines in ONE SOAP at ONE PRICE, the BEST skin and complexion soap, the BEST toilet soap and BEST baby soap in the world.

**Complete External and Internal Treatment for Every Humour,**

Consisting of CUTICURA SOAP, to cleanse the skin of crusts and scales and soften the thickened cuticle, CUTICURA Ointment, to instantly allay itching, inflammation, and irritation, and soothe and heal, and CUTICURA RESOLVENT, to cool and cleanse the blood, and drive out of the system all the impurities, and cure the most torturing, disfiguring, and humiliating skin, scalp, and blood humors, with loss of hair, when all else fails. Sold throughout the world. Aust. Depot: R. TOWNS & Co., Sydney, N. S. W. So. African Depot: LEWIS & Co., Cape Town. All about the Skin, Scalp, and Hair," free. PORTER DRUG AND CHEM. CO., Sole Props., Boston, U. S. A.

**DR. J. COLLIS BROWNE'S CHLORODYNE**

IS THE ORIGINAL AND ONLY GENUINE.

Coughs, Colds, Asthma and Bronchitis.

DR. J. COLLIS BROWNE'S CHLORODYNE.—Vice Chancellor SIR W. PAGE WOOD stated publicly in court that DR. J. COLLIS BROWNE was undoubtedly the INVENTOR of CHLORODYNE; that the whole story of the defendant, Freeman, was deliberately untrue, and he re-registered to say it had been sworn to. See the Times, July 12, 1894.

DR. J. COLLIS BROWNE'S CHLORODYNE is a liquid medicine which assuages PAIN of EVERY KIND, affords a calm, refreshing sleep WITHOUT HEADACHE, and INVIGORATES the nervous system when exhausted. IS THE GREAT SPECIFIC FOR CHOLERA, DYSENTERY and DIARRHOEA.

The General Board of Health, London, reports that it ACTS as a CHARM, one dose generally sufficient.

Dr. Gibbon, Army Medical Staff, Calcutta, states: "Two doses completely cured me of diarrhoea."

DR. J. COLLIS BROWNE'S CHLORODYNE is the true palliative in NEURALGIA, GOUT, CANCER, TOOTHACHE, RHEUMATISM.

DR. J. COLLIS BROWNE'S CHLORODYNE rapidly cuts short all attacks of EPILEPSY, SPASMS, COLIC, PALPITATION, Hysteria.

IMPORTANT CAUTION.—The immense sale of this Remedy has given rise to many Unscrupulous Imitations.

N. B.—Every Bottle of Genuine Chlorodyne bears on the Government is 14d, 2s 9d and 4s 6d, by all chemists, J. COLLIS BROWNE. Sold in bottles, Sole Manufacturers, J. T. Davenport.

Stamp the name of the inventor, DR. J. COLLIS BROWNE, 33 Great Russell St., London.

**PRIMO LAGER**

UPSIDE DOWN OR RIGHT SIDE UP—IT'S ALWAYS BEST DOWN INSIDE.

preter, arrived on Maui by the steamer of the 10th.

During the afternoon of the 11th, twenty members of the Makawao Reading Club met at Mrs. Dowsett's residence in Makawao.

Last Saturday afternoon, the 6th, fast polo was played on the Sunnyside grounds, Paila, between the "Reds" and the "Yellows." The former obtained the more goals. The Makawao club will have a tournament on July 4th. Delightful summer weather on Maui.

**IMMIGRANTS WILL NOT BE WELCOMED**

(Continued from Page 1)

letting an elephant creep in and we will be displaced and you will never see me again here or hear me addressing you on this floor."

**LEWIS SEES ADVANTAGES.**

Lewis, of Hilo, said that as a committeeman, he thought the people would not be hurt. He did not believe it was the intention to have people come here to take lands to the detriment of the native people. He said under the monarchy there was an immigration bureau and the object now was simply to have a commissioner to overlook immigration and see that desirable immigrants came to the country. There is no law to prevent foreigners coming here now, and it is useless to try and argue that they can be kept out. Even should foreigners come, he said, they could not vote until after years, and their children would grow up with love of the country and would work for its advancement. He said the only real duty of the commissioners would be to see that the best people came.

Chillingworth asked where the Legislature hoped to get the money with which to carry through the improvements. He said in effect the men who had spoken had said to Americans, "we do not want you to come here, but we do want you to give us \$2,500,000 of your money, we'll invest it for you." There is no invitation to Americans to come here only to separate themselves from their money, for our good.

Kellinoff moved to table, but withdrew it to permit Paila to speak. Paila said the object was to secure laborers for the plantations. He said the only thing would be to give a position to some one.

Breckley brought up the point that there might be an attempt to railroad if the report was tabled. He then went into an attack on the government, saying that the lands would not be opened for the people but would be offered for strangers.

**AYLETT GOES WAY BACK.**

Aylett said this reminded him of the days before the reciprocity treaty. He said every man should stand together for the citizens—our duty is toward all American citizens.

The vote on the rejection of the report was seventeen to nine as follows: Ayes—Aylett, Damien, Feraandes, Kalli, Kanoho, Kealawa, Kon, Kupihea, Nakaleka, Oili, Paele, Pail, Paila, Purdy, Vida, Wright, Breckley—17.

Noes—Andrade, Chillingworth, Gandall, Harris, Kalama Kellinoff, Knudsen, Lewis and Long—9.

The committee rose and reported. Secretary Carter notified the House that the Governor had signed the bill providing for the expense of the House journal.

An invitation to attend a drill and parade of the troops this morning at 11 o'clock at the race track was received and accepted.

The Baseball League also presented an invitation to be present at the opening game, which was accepted with the suggestion that "ladies" be inserted on the tickets.

The committees on House bill No. 2 were directed to report Monday and to meet this morning.

The House then adjourned until Monday morning at 10 o'clock.

**IN THE SENATE.**

President Crabbe found no quorum in the Senate chamber at 10 o'clock yesterday morning, and without opening ceremonies announced that he would call the Senate to order at 2 p. m.

In the afternoon matters were no more favorable for business, and after prayer by Chaplain Ezer the session was declared adjourned for the day.

Chamberlain's Pain Balm has no equal as a household liniment. It is the best known remedy for rheumatism, lame back, quincy and glandular swellings, while for sprains, bruises, burns and scalds it is invaluable. One application gives relief. Try it. All Dealers and Druggists sell it. Benson, Smith & Co., Agents for Hawaii.

## ELLIS FOLK IN QUESTION

### More Light Asked on Sumner Case.

Friday, June 12.  
S. S. Gaelic, Finch, from the Orient,  
at 8:30 a. m.  
Am. bk. W. B. Flint, Johnson, 14 days  
from San Francisco, at 8:30 a. m.  
Br. ship Blythwood, Pritchard, 56  
days from Newcastle, at 10:30 a. m.

Saturday, June 13.  
Stmr. Kinau, Freeman, from Hilo  
and way ports, at 10:30 a. m., with 1  
horse, 67 hogs and 148 pkgs. sundries.  
Gasc. schr. Ecilope, Townsend, from  
Maui and Kohala ports, at 10 a. m.  
Stmr. Lehua, Naopala, from Lanai,  
Maui and Molokai ports, at 3:30 p. m.,  
with 100 sheep, 33 cattle and 30 pkgs.  
sundries.

Stmr. Iwalo, from Punaluu, at 4  
p. m., with 5,040 bags of sugar.  
Sunday, June 14.  
Stmr. Claudine, Parker, from Maui  
ports, early in the morning, with 2,893  
bags of sugar, 12 bags potatoes, 40 bags  
taro, 139 hogs and 105 pkgs. sundries.  
Stmr. Mikahala, Gregory, from Na-  
wiliwili, with passengers and sugar.

Monday, June 15.  
Stmr. Noeau, Pederson, from Kukul-  
baele and Honokaa, at 4 a. m., with  
4,224 bags sugar and 3 pkgs. sundries.  
Schr. Ka Mol, from Kohalaale, at 8  
a. m., with 3,620 bags sugar.  
Am. bktn. S. N. Castle, Nilson, 16  
days from San Francisco, with mer-  
chandise and seven passengers.  
Ama. schr. Rosamond, Johnson, 11  
days from San Francisco.

#### DEPARTED.

Friday, June 12.  
Stmr. Ke Au Hou, Tullett, for Ana-  
hola, at 5 p. m.  
Stmr. Noeau, Pederson, for Hamakua  
ports, at 6 p. m.  
Stmr. Nihau, W. Thompson, for Pu-  
naluu, at 5 p. m.

Am. bk. W. B. Flint, Johnson, for  
Eieele and Makawala, at 5 p. m.  
Stmr. Kaulani, Dower, for Hana,  
Mahukoua and Hilo, at 3 p. m.

Stmr. Kaul, Bruhn, for Eieele, Ma-  
kawala, Hanalei, at 6:15 p. m.  
Stmr. Waiialeale, Cook, for Waimea  
and Kekaha, at 8 p. m.  
S. S. Gaelic, Finch, for San Francisco,  
at 5 p. m.

Saturday, June 13.  
Am. sp. A. J. Fuller, Haskell, for the  
Sound at 5 p. m.  
Sunday, June 14.  
Am. bktn. Irmgard, Schmidt, for San  
Francisco, at 11:15 a. m.  
Am. bk. Annie Johnson, Nelson, for  
San Francisco, at 11:45 a. m.

Monday, June 15.  
Stmr. Lehua, Naopala, for Molokai  
ports, at 5 p. m.  
Stmr. Ke Au Hou, Tullett, for Ana-  
hola, Kapaia, Kilauea, Hanalei and Ka-  
hihual, at 5 p. m.

Stmr. Maui, F. Bennett, for Paau-  
hae, Kukaia, Okaia, Laupahoehoe  
and Papaiaia, at 5 p. m.  
Schr. Mol Wahine, for Kohalaale, at  
7 a. m.

Am. sp. Fort George, Gove, for Dela-  
ware Breakwater, at 1 p. m.  
Schr. Kawailani, Ulunahale, for Koo-  
lau ports, at 4 p. m.

#### PASSENGERS

Arrived.  
Per stmr. Lehua, from Molokai ports.  
—H. R. Meyers, Mrs. J. F. Brown,  
Father James, Father Thomas, Mrs.  
Robb and child, and one deck.

From Hilo and way ports, per stmr.  
Kinau, June 12.—Geo. M. Sutton, Mrs.  
Geo. M. Sutton, Master Sutton, Mrs.  
W. De Witt, Miss De Witt, J. H. Bliss,  
Mrs. C. H. W. Hitchcock, Miss Leslie  
Wright, Miss E. Wright, F. L. Stanley,  
Prof. C. J. Lyons, E. H. Austin, R. K.  
Andrews, S. Gurley, P. R. Doran,  
John Wilcox, B. Wilcox, Dr. S. Kojima,  
wife and daughter, D. L. Van  
Dine, John Maguire, John Plunkett,  
Chester Doyle, W. L. Stanley, Mrs. J.  
Moanau and child, R. H. Trent.

Per stmr. Mikahala, from Nawiliwili,  
June 14.—C. P. Morse, F. F. Maury, F.  
H. Jordan, Chin Kun, Hee Fat, F. Bau-  
man, Mr. and Mrs. J. Fassoth, W. J.  
Fassoth, M. J. Fassoth, J. B. Fassoth,  
J. H. Fassoth, J. Fassoth, Mr. and Mrs.  
S. Braga and 64 deck.

Per stmr. Claudine, June 14.—John  
Aimoku, Jos. Aea, C. H. Cooke, Ah  
Ping, J. O. Young, H. P. Baldwin, Miss  
J. Asberry, Miss Smith, C. W. Ashford,  
S. K. Kentwell, Miss Kanahale, Mr.  
Sandford, Miss Sandford, W. Brede, J.  
M. Vivas, A. G. Correa, J. D. Harries,  
A. M. Vivas, R. W. Wilcox, wife and two  
children and servant, Mew Kin, Pak  
Sing, A. W. Seabury and Niece, T. Shi-  
ma, T. Okuba, S. E. Kaine, W. Ah Yau,  
Jok Wong Leong, Queen Liliuokalani,  
Miss Myra Heleluhi W. J. Stone.

Departed.  
Per stmr. Kaul, for Kaul ports,  
June 12.—J. I. Silva, W. C. Dobbs, Mary  
Gannea, Miss Lucy Kopa, Miss Trevel-  
lan, Mrs. Elston and child, F. Gay,  
Chas. Blatt, Ar. Trevelian, W. Rich-  
mond, Cecilia Rose, T. Bauman, C. H.  
Lammy, A. Davis and 40 deck.

Per bktn. Irmgard June 14 for San  
Francisco.—Mrs. A. B. Fox, F. A. Pot-  
ter and wife.

Per bark Annie Johnson, June 14  
for San Francisco.—Mrs. M. P. Durling,  
Mrs. Littlejohn and son, H. M. Freck,  
Carl Ziehn, J. A. Jordan, W. H. Hadley,  
Miss E. Thomas.

Per stmr. Lehua, for Wallau, June 15  
—S. Kehawai.

#### DUE TODAY

A. H. S. S. Nebraska, from San  
Francisco, with five days mail.

The American ship Fort George sail-  
ed at three o'clock yesterday for the Dela-  
ware Breakwater. She had 2035 tons  
of sugar aboard.

## HOUSE FIXES MANY SALARIES BUT IS BALKED ON LOANS

(Continued from page 1.)

Chief Engineer, \$1,200; Asst. chief, \$750;  
relief driver, \$480; Hydrant man, \$480;  
secretary, \$150; seven foremen, \$3,570;  
thirteen drivers, \$3,240; four stokers,  
\$1,560; twenty-eight hosemen, \$10,920;  
pipemen, \$780; five watchboys, \$900;  
five truckmen, \$1,800; five engineers, \$3,  
750.

The increase of \$1,170 was made nec-  
essary by the new engine company,  
No. 4 and the Hook and Ladder com-  
pany. The new chemical and hose  
wagons will not be operated in time  
to come under this bill. The report was  
signed by the Oahu members, and was  
at once adopted.

#### HEALTH INSPECTORS PASS.

Fernandez called up the reports on  
the Fish Inspection but Hala was not  
ready to report and so the considera-  
tion of the item for sanitary inspec-  
tors, Honolulu, \$7,200, was taken up.  
The committee, Fernandez, Hala and  
Kumalae reported that the inspectors  
were employed as well in disinfecting  
and nursing when needed and that it  
was impracticable to separate the item  
into specific salaries as efficiency and  
length of service had to be recognized.  
The item was passed at \$7,200, attention  
being called to the fact that this was  
recommended by the Chamber of Com-  
merce. The same committee rendered  
a similar report on the item pay of in-  
spectors outside Honolulu, \$1,440, and  
it passed as in the bill.

#### FOR HAWAII'S POLICE.

The pay of police, Hawaii, was re-  
ported upon, the following items be-  
ing suggested by the committee for  
the six months' pay:  
South Hilo—2 Captains, \$1,800; 2  
Lieutenants, \$720; 8 Police, \$2,400; 2  
Police Olas, \$600; 1 Portuguese, Chi-  
nese, Japanese and Porto Rican offi-  
cer, \$800 each; 2 Station Clerks, \$720;  
2 North Hilo Police, \$1,080, total \$7,200.

Mouth Hilo—Captain, \$360; 4 Po-  
lice, \$1,080. North Kohala—Captain,  
\$360, 4 Police \$960; 2 Police, \$360. South  
Kohala—3 Police, \$720. North  
Kona—Captain, \$360; 5 Police, \$1,200.  
South Kona—Captain, \$360, 4 Police,  
\$960. Kau—Captain, \$360; 4 Police,  
\$960. Puna—Captain, \$360; 4 Police,  
\$960.

The committee further recommend  
that among incidentals \$2,400 be in-  
serted, of which telephones be put  
down at \$1,140 and transportation of  
prisoners at \$1,260. The report was  
adopted.

Vida called up the Oahu police re-  
port read at the morning session,  
which was adopted, he explained that  
the increase from \$51,000 to \$60,000 was  
due to the eight hours law, which  
made more men necessary. This was  
passed and he likewise then moved to  
insert \$4,500 for pay of ten Japs, ex-  
plaining that this was formerly an  
expense of the Public Works Depart-  
ment, but the police thought all should  
be under one department. The item  
was unanimously inserted.

McVEIGH IS COMPLIMENTED.  
The committee on segregation of  
lepers, pay roll, \$15,870 reported in  
favor of increasing the pay roll to  
\$16,380. The committee complimented  
Superintendent McVeigh, saying his  
salary should be raised to \$250 a month  
to induce him to stay and that an ex-  
perienced butler at \$60 a month be  
retained. The schedule of salaries was  
as follows: Superintendent, \$225; resi-  
dent Physician, \$250; Asst. Physician,  
\$150; 4 Sisters, \$80; 4 Brothers, \$80;  
Keeper Receiving Station, \$80; Officer  
for Lepers, \$80; Pay Roll, \$1,700.

Kaniho coincided except as to the  
assistant physician who he said was  
unnecessary. He made the point that  
the physician treated only minor dis-  
orders and did not investigate leprosy.  
Aylett supported the need of an  
assistant physician but Beckley op-  
posed this saying it would be a young  
man to go there and experiment on the  
poor lepers. The discussion was long  
but ended with the adoption of the  
minority report, cutting out the assis-  
tant physician and reducing the total  
to \$15,480.

GOVERNMENT PHYSICIANS.  
The committee on government physi-  
cians submitted its report, which was  
in three parts, the majority favoring

the list as at present under the pay-  
roll of the Board.

There was a long discussion over the  
Kona doctor. Wright maintained that  
the South Kona physician should have  
\$100 and he of North Kona \$60, instead  
of two salaries, each of \$60 as at pres-  
ent and one man to draw both. He  
said the president of the Board had  
promised that if the appropriation is  
made there would be two physicians.

He told how people had to wait for  
medical aid.

Hala asked that the Hana physician  
be increased from \$90 to \$125. Beckley  
made a plea for the Molokai physician,  
asking that he be given \$125. The com-  
mittee was willing to accept the  
amendments. Paele and Purdy want-  
ed increases for Koolau and Hamakua  
and Kall wanted more for the Hana-  
lei doctor, which so complicated mat-  
ters that the committee rose and the  
House adjourned.

#### IN THE SENATE.

Minutes of three days were read in  
the Senate yesterday morning.

A letter from Secretary Geo. R. Car-  
ter announced that the Governor had  
signed the bill appropriating money to  
pay for printing the journal of the  
House of Representatives for the regu-  
lar session.

#### LENGTH OF SESSION.

The following opinion from the At-  
torney General's department was read:  
"Territory of Hawaii. Office of the  
Attorney General, Honolulu, June 9,  
1903.

"Honorable Clarence L. Crabbe,  
President of the Senate, Territory of  
Hawaii.

"Dear Sir: Yours of June 2, 1903, re-  
ceived, in which you ask how many  
days the present extra session of the  
Legislature of the Territory of Ha-  
waii may sit under the provisions of  
the Organic Act.

"Sec. 43 of the Organic Act says that  
each session of the Legislature shall  
continue not longer than sixty days,  
excluding Sundays and holidays, pro-  
viding, however, that the Governor  
may extend such session for not more  
than thirty days. The section also  
provides that the Governor may con-  
vene the Legislature or the Senate  
alone in special session; under this  
clause there are only two sessions  
known to the law, a regular session and  
a special session. Each session shall  
continue not longer than sixty days,  
excluding Sundays and holidays. Any  
session may be extended thirty days  
by the Governor.

"The session now sitting is a special  
session of the Legislature as a  
whole, convened by the Governor for  
a particular purpose, and the session  
shall continue for sixty days. Sec.  
43 clearly provides for this by stating  
that each session of the Legislature  
shall continue not longer than sixty  
days, etc.

"Respectfully submitted,  
"PHILIP L. WEAVER,  
"Asst. Atty. General."

OLD DATES  
The House by letter announced its  
passage on June 6 of Senate bill No.  
11, making a special appropriation for  
the immediate use of the Treasury de-  
partment. This is the provision for  
tax office expenses.

Major John McClellan, U. S. Artillery,  
had invited the Senators in due  
time to attend the regimental drill,  
etc., on Saturday, but owing to the  
Senate's adjournment for want of a  
quorum both Friday and Saturday the  
letter was now read for the first time.

President Crabbe stated that he had  
passed word around so far as possi-  
ble, with the result that three Senators  
attended the exercises and greatly en-  
joyed them. He also stated that he  
had received and distributed, to the  
best of opportunity, complimentary  
tickets to the opening of the baseball  
park.

The resolutions of the Chamber of  
Commerce previously published in this  
paper were read, that on wharves be-  
longing referred to the committee on Pub-  
lic Lands, etc., and that on health to  
the committee on Health and Educa-  
tion.

GIFT ACKNOWLEDGE.  
A letter from James Harvest, for  
the committee, acknowledged the re-

## HAWAII'S NAVAL CADET IS NOT YET EXAMINED

#### Loading Sugar at Kaanapali.

Purser Parish of the Iwalo reports  
strong N E winds in crossing the  
channel. He found rough weather at  
Punaluu. On Friday the steamer called  
at Kailua at the request of A. B.  
Wood and R. W. Shingle, but they did  
not return. The W. G. Hall at Honou-  
lulu had on 2000 bags of sugar when the  
Iwalo left. The schooner Aloha and  
the C. D. Bryant are at Kaanapali  
taking on sugar.

HILO SHIPPING  
June 9 arrived Am. S. Oregonian,  
Carter, en route from Honolulu  
via Kahului to Delaware Breakwater  
for coals. Loading sugar.

June 9 entered, Am. bark Roderick  
Dru, Ensign master, one passenger, 15  
days from San Francisco, with cargo  
of general merchandise amounting to  
\$25,000.

June 9 cleared Am. S. Oregonian,  
Carter, for Delaware Breakwater  
for coals, with sugar from Hilo, as  
follows: Waikoa Mill, 5000 bags; Ha-  
waii Mill, 2000 bags. Total cargo from  
Hilo \$75,000.

June 10 cleared, schooner Spokane,  
Jamieson, master, for Port  
Townsend.

Ten days remain before the close of  
the period in which candidates for en-  
trance into the Annapolis Naval Aca-  
demy may qualify, and yet there has  
been no final decision reached by the  
department and communicated to its  
representatives here as to how the ex-  
amination of the Hawaiian lad who is  
to strive for honors, is to be had.

When Delegate Kalaniana'ole received  
his information that there was a  
candidate at his disposition, he soon  
after asked that an examination be  
held to choose a suitable candidate, and  
as well, at the suggestion of Captain  
Rodman, asked that the examination  
be held here. To this the Department  
consented and named Captain Rodman  
and Captain White and Dr. Taylor as the  
board. Since that time nothing fur-  
ther has been known about the matter.

Delegate Kalaniana'ole said Saturday  
in talking over the matter "I wired  
the name of young Lando as soon as  
I was notified of his good standing, and  
later I got his full name and all par-  
ticulars about him and wrote to the  
Department telling of his candidacy

and asking for instructions for him  
as well as for myself. No, I did not  
send the name of an alternate. The  
examination was held on the general  
basis of the academy tests, and from  
what I saw of the papers from the  
examination I was convinced that no  
other lad would have any show to get  
into the academy if he did not. I have  
had no information since and I cannot  
tell what is to be done. I shall try  
and see that the examination is held  
before the expiration of the time."

There has been more than a little  
concern among the friends of  
Lando who have feared that there was  
some slip up in the matter. The youth  
had intended to prepare for and take  
the Berkeley entrance examinations  
which are to be held this week. When  
he was told that he was to have the  
chance at Annapolis he abandoned the  
Berkeley idea, and recently has grown  
anxious as to the Naval cadetship.

That there is no alternate is due to  
the fact that the next highest lad in  
the examination made thirty-five per  
cent in Lando's seventy-four and one-  
half per cent, and from that point the  
percentages ran down to three per  
cent. The Kamehameha and St. Louis  
lads did not have the geometry neces-  
sary.

MONG the Indians every man is a man of  
blood and iron. Every man is a man of  
splendid physique and robust health, and  
this in spite of lack of all the comforts and  
conveniences enjoyed by the white man.  
What is the secret of the Indian's superiority  
over us in this respect? It can be named in  
these words, Kickapoo Indian Sagwa. The Indian has, in  
his long struggle with Nature, learned her secrets, and  
chief among them all, is the secret of that rare compound  
of healing herbs, roots, barks and gums, known as

## KICKAPOO SAGWA NATURE'S BLOOD MAKER

It is to this the Indian owes his strength of body and  
length of life. By its use he keeps his blood pure. It  
keeps the mechanism of the body in perfect working  
order. The Indian never knows dyspepsia. He never  
dies of heart failure. His lungs are like a blacksmith's  
bellows. He knows nothing of chronic kidney and liver  
troubles, and he owes his perfect health to Sagwa. Sagwa  
will give you what it gives the Indian—the strength of  
iron. Try it. It is guaranteed. Your money refunded  
if it does not fulfill every claim. Sold by all druggists.

#### BOBBON DRUG CO. DISTRIBUTORS

cept of \$25 from members of the Sen-  
ate for the sports at the Leper Set-  
tlement, Molokai, on Kamehameha  
Day.

There being no prospect of business  
from the House of Representatives for  
the day, the Senate at 10:30 adjourned  
until 10 o'clock this morning.

## BAD COMPANY

Not a Home in Honolulu  
Where This Visitor is  
Welcome.

The most unwelcome visitor in Hono-  
lulu.  
Is any itching skin disease.  
Itching piles is known in nearly every  
household.

And eczema is no stranger.  
They're both bad company.  
They come early—stay late.  
We always say "good riddance"

when they go.  
Know how to keep them away? Use  
Doan's Ointment.

Doan's Ointment cures piles and all  
itchiness of the skin.  
A Victoria, Australia man endorses  
our claims.

Mr. William Preston has been a resi-  
dent of Victoria for over half a cen-  
tury and therefore will be known to  
many of our readers. Mr. Preston is  
at present residing at No. 63 Argyle  
St., St. Kilda. He says: "For some  
considerable time I have been troubled  
with Eczema on my legs. The irrita-  
tion at times was very great especially  
at night, and it caused me considerable  
annoyance. I obtained a pot of Doan's  
Ointment and I must say that it allay-  
ed the irritation almost immediately.  
Doan's Ointment is a good remedy and  
I can highly recommend it for  
Eczema."

Doan's Ointment is splendid in all  
diseases of the skin, eczema, piles,  
hives, insect bites, sores, chilblains, etc.  
It is perfectly safe and very effective.

Doan's Ointment is sold by all  
chemists and storekeepers at 50 cents  
per box (six boxes \$2.50) or will be  
mailed on receipt of price by the Hol-  
ister Drug Co., Agents for the Hawai-  
ian Islands.

Without loss of time the Merchants'  
Association has taken up the strug-  
gle for the securing of the transport  
trade for Honolulu. Immediately Sec-  
retary Helm got back he started to  
work on the matter, and yesterday a  
special meeting of the directors of the  
Merchants' Association was held for  
the purpose of carrying on the fight.

Secretary Helm reported to the di-  
rectors what he did in San Francisco,  
the report he made to Maj. Duval,  
which was sent on to Washington, and  
at some length he discussed the pros-  
pects for the securing of the business  
for this port. It was decided that the  
Association should immediately under-  
take the work of pushing the struggle  
for the transports, and a committee  
consisting of Messrs. Helm, Wichman  
and McInerney, was named to draft a  
memorial to be sent on to Washington.

The other commercial bodies of the  
city will be invited to take up the  
fight with the Merchants, so as to aid  
in the work, and the committee will  
solicit the help of Coast organizations.

Messrs. Humburg and Rothwell were  
appointed to act with a committee of  
the Chamber of Commerce to collect  
data required by the new Department  
of Commerce.

TEN BOLD ASSERTIONS

REGARDING CHAMBERLAIN'S CO-  
LIC, CHOLERA AND DIAR-  
RHOEA REMEDY.

1. It affords quick relief in cases of  
colic, cholera morbus and pains in the  
stomach.

2. It never fails to effect a cure in  
the most severe cases of dysentery and  
diarrhoea.

3. It is a sure cure for chronic diar-  
rhoea.

4. It can always be depended upon  
in cases of cholera infantum.

5. It cures epidemical dysentery.

6. It prevents bilious colic.

7. It is prompt and effective in cur-  
ing all bowel complaints.

8. It never produces bad results.

9. It is pleasant and safe to take.

10. It has saved the lives of more

people than any other medicine in the  
world.

These are bold assertions to make re-  
garding any medicine, but there is abun-  
dant proof in every one of the above  
statements regarding this remedy. Every  
household should have a bottle at  
hand. Get it today. It may save a life.  
Benson, Smith & Co., Ltd., wholesale  
agents, sell it.
